***FA0 (Free Agent)** – It is a system which will allow distributors who have not made a "direct sale" over 2 years to re-activate their business under a different group by purchasing "Machine" or "Ukon".
 No "Starter Kit" is allowed to re-activate. No "Name Change" is allowed after FA transferred.
 In case of purchasing UKON to cancel FA Status, you have to stay on UKON DD Auto Ship Program for at least one (1) year (3x4 month cycle), to make it a permanent position, otherwise this account will be terminated and you will no longer receive Ukon commissions from your down lines.
 It will not affect the Up line distributors for their rank up or qualification for any incentives.

Please refer to ***NEW* FA0 Rule** for detail.
