*Reflection: Looking Back To
Help Guide Where We're Going*

Message *from* Mr. Ohshiro

“You are not alone; you’re united with millions of other Enagic ambassadors across the planet who think like YOU do!”

Reflections in the Water

We all have our pasts. Embraced in those pasts are both successes, as well as failures, gains as well as losses, joys as well as pains. And it is precisely the fact of having endured or enjoyed our pasts that we come upon our PRESENT.

Looking at where we are today, I am exceptionally overjoyed to see Enagic, as well as the motivated global distributors who share the Message of True Health, expand and grow at an astonishing rate.

I look back at the last forty-five years and I recall quite a few happenings. Many made me smile, some made me cry and more than a few made me chuckle with glee. And I know that THOSE moments were the seeds that gave birth to the present Enagic we all enjoy today. That past, with all of its joys and pains, truly was worth each and every drop of sweat, blood and tears.

You also have a story from which you emerged. A past that led you to becoming a powerful ambassador of the Triple Health formula that we propagate here at Enagic. I’m sure that the past had its share of ups and downs, but it’s also what led you to your connection with Enagic. In fact, I rather think our two pasts, yours and mine, are a cosmic handshake toward mutual and collaborative success.

Our present is indeed bright. It’s glowing! It’s radiant! And it’s all the more beautiful because of the past that gave birth to it. So let’s embrace our pasts and invest them in our futures. You are not alone; you’re united with millions of other Enagic ambassadors across the planet who think like YOU do! They eagerly desire to help their fellow friends, family and community, to bring True Health to this world in a new and empowered fashion. and they stand ready to be your ally at any moment.

Celebrate your past as you join hands with me and millions of others as we celebrate the NEXT decades of Enagic’s growth and influence throughout our global society.

A Powerful Past breeds a
Passionate Present,
Hironari Ohshiro

The Foundations of Enagic

The Enagic mission is simple to understand: spread True Health. When it comes to goals, the MISSION is the GOAL! By embracing the mission of Enagic, each distributor will be on the road to helping meet the goals of the company, no matter how lofty. Mr. Ohshiro would like each distributor to think beyond sales goals and profits and, instead, focus more on the pursuit of the Enagic Mission.

Mission: Realization of True Health

Physical Health
Financial Health
Mental / Metaphysical Health

Face-To-Face: Human Based Marketing

"True Health" is the lifestyle we should seek in the 21st Century. A business program which allows infinite diversity and flexibility. Overcoming various barriers and boundaries, it is a human-centered technology nurtured by close communication between people. Experience and discover your own style of Enagic business. Then the "Circle of Compassion" will ripple throughout the globe, now and forever.

The History of Mr. Ohshiro & Enagic

It all began in Okinawa, where he crossed the bridge of dreams to the rest of the world.

Mr. Ohshiro's childhood home

1941

On March 17, Mr. Hironari Ohshiro was born in Sedake of Kushi Village, Okinawa.

1960

Graduates from Okinawa Prefectural Naha Commercial H.S.: works at a retail liquor shop in Nagoya.

1961

Moves to Tokyo; joins Kinjyo Electronics Co. as an accountant Mr. Ohshiro's father passes away.

1962

Returns to Okinawa; works as a revenue officer at hometown Village Office for 7 years.

1969

Resigns from the village office; moves back to Tokyo; starts employment at an accounting firm.

1971

Elder brother becomes critically ill; Ohshiro returns to Sedake and starts a pig farm business on his family land.

Marries childhood friend, Yaeko Tabata; and returns to Tokyo; works for Japan Business Machine (JBM) as an accountant.

Active Global Distributor Leaders

Distributor ranking is an important part of Enagic's patented 8-Point Commission compensation plan, because the higher a distributor's rank, the greater the earning potential. In order to fully appreciate the distributor ranking system, it is important to understand how they affect the structure of the compensation plan. Just like every other retail product on the planet, Enagic products have a percentage of each product sold designated to recouping manufacturing cost, operating expenses, sales commission, bonuses, incentives, and, of course, a reasonable profit for the company. Since Enagic does not engage in direct marketing or advertising, we are able to fuse together this normally very large expense divided equally into eight parts; each part is referred to as a "point." Starting at the first rank of 1A, which earns them one point, distributors move up the distributor ranks based on personal and group sales requirements and can reach the top of the Initial Distributor Ranks to 6A, which represents a minimum of 101 qualifying sales.

Once a distributor reaches the rank of 6A, they can work towards the Advanced Ranks, which are based on organizational development. The first Advanced Rank is 6A2. Reaching this rank means that a distributor has helped develop two down-line distributors reach the rank of 6A. The next rank is 6A2-2, which means a distributor has helped two of their distributors reach the rank of 6A2.

These are the active Enagic distributors who have attained the rank of 6A2-3 or higher. Some of these people have built organizations with tens of thousands of product sales, spanning across the globe. While it might be hard to believe, every one of these incredibly successful people started in the Enagic business at the exact same rank...1A. Through hard work and dedication, they have moved up the ranks, and today, enjoy the benefits that come with their distributor ranking.

pH testing is also done during water flow testing on the completion line.

Ukon Valley and Factory

Made in **O**kinawa
in Mr. Ohshiro's hometown!!

How to create safe and reliable Kange Ukon

Okinawa Kangen Foods (turmeric factory) was established from an idea by Mr. Ohshiro for a project that would make use of the local Yanbaru turmeric. Let's take a look inside to learn how the factory processes Enagic's locally grown turmeric, which is used as the raw ingredient in Kangen Ukon Sigma and Ukon Tea, top-quality products that offer safety and peace of mind.

Local farmers harvest Ukon roots in the field and transport them to the factory in crates.

Harvested Ukon (turmeric) is pre-washed in Strong Kangen (pH11.0) Water.

The Ukon is lifted on a conveyor belt where soil and any other impurities are sprayed off.

The Ukon is lightly scrubbed and peeled under a shower.

The crates of Ukon are soaked and sanitized in larger containers of running Strong Acidic (pH2.5) Water for 2-5 mins.

The Ukon is washed through a hot shower and slice it to the thickness of one millimeter and spread to a tray.

The Ukon trays are slid into a heat-dryer for about 7 hours in 72°C. (161.6 F°)

The Ukon is coarsely ground into powdery form by a fine grinder.

"Thank you for your encouragement!"

This year, Enagic celebrates 45 years of passion. We couldn't have come this far without you. CEO Hironari Ohshiro has endured many hardships, but has never given up on his dream to realize True Health. He built the Enagic 8 Prosperity Association as a sanctuary with a special Membership Program for the entire Enagic Family. Enagic contributes to social welfare programs such as nursing homes, kindergartens, and various youth sports training. All of this is made possible by your continued support through the E8PA membership program. Mr. Ohshiro loves to support the young and old alike, as he knows the importance of never giving up on your dreams. In the near future, Mr. Ohshiro plans to expand support from the E8PA to reach out globally. And by being a member, you help contribute to inspire, and reignite that spark of hope.

Your contribution and support is a part of the big picture...YOU are part of the Big Picture.

Road to 6A

Looking Back To Help Move Forward

Enagic is very fortunate to have distributor leaders with extensive experience in direct sales and the network industry. These people have taken it upon themselves to share their knowledge with their fellow distributors. This article was created with input from outstanding Enagic leaders from around the world.

It's hard to believe, but it is already June! That's right, school will be getting out soon and, before you know it, the summer will be in full swing. An important part of success in this business comes from setting and reviewing goals and each year we encourage distributors to set goals, for themselves. In this industry, January is typically a very important month, as it will usually "set the pace" for the rest of the year, but June may be even more important. The month of June is one of the best months to evaluate progress, as it represents the half-way point of the current year. This year is flying by and, at this rate, the end of the year will be here in a blink! So, it's time to look back at the past six months, to determine where we are with achieving our goals.

To start the evaluation, take out your day planner, or wherever you have WRITTEN your goals for this year. Yes, your goals should be written, so they change from a mere thought or idea, into a tangible entity. When it comes to goals, play it "S.M.A.R.T." Remember that a "S.M.A.R.T." goal is defined as a goal which is Specific, Measureable, Attainable, Realistic and has a Time Frame for completion. For this year, and every year for that matter, you should have three sets of goals: short-term, mid-term and long-term. Your short-term goals are your monthly or quarterly goals. Your mid-term goals are the goals you were hoping to achieve by the middle of the year. Your long-term goals are the goals you are striving to achieve by the end of the year.

Start by reviewing your short-term goals up until now, have you achieved them? These goals can be things like sponsoring a new distributor every month; or earning a certain amount of income each quarter; or making a specific quantity of personal sales each month. Looking back at the past six months will allow you to see if your efforts have been paying off the way you had hoped. It will also allow you to better gauge what you will need to do during the next six months if you have fallen behind. If you are on track with the short-term goals, then keep on doing what you're doing.

But if your short-term goals have fallen short, don't get discouraged. Just realize that you may need to focus on those short-term goals a little more during the next six months in order to achieve them.

After reviewing and assessing your short-term goals, take a look at your mid-term goals. This could be something like a personal goal of becoming a 5A or a team goal of helping to develop two personally referred 6A's. Let's say that you started the year as a 4A and your mid-term goal was to become a 6A; have you achieved that goal? Evaluate where you are and commit to either achieving the original goal, or, if you have surpassed it, challenge yourself and commit to setting a loftier new goal.

The real reason you'll want to check where you are with your goals is so you can determine if you are on track to achieve your long-term goal, which is what you are ultimately trying to accomplish. Since your long-term goal is further off, it can sometimes be difficult to know if you are really on track, which is why it is important to check the progress of your efforts and the status of your goals throughout the year. If you are not on track with your short-term and / or mid-term goals, you are most likely off track with your long-term goals as well. But that's okay! This is why you review the progress of your goals throughout the year.

June, as the middle of the year, is one of the best times to really see where you are. There are still six months of the year left, which is more than enough time, even if you are way off track of achieving your goals. But if you discover you're not on track, don't procrastinate; which is probably what got you off track in the first place. Take action and reignite your efforts! If you want to make sure you are able to achieve those long-term goals, get focused, get serious and get going!

The only problem with goals in this industry is that the only person you really have to answer to is yourself. If you are not on track with your goals, don't let yourself off easy. Really focus on your goals, remember why you set them in the first place, and commit to making them happen. Push yourself to achieve your goals, you're worth the effort and deserve the reward that comes with achieving them! Take an honest, no-nonsense look at where you are with your goals and determine what you need to do from this point forward. Remember, there is one person who deserves the very best you have to give and one person you should not let down. That person is YOU!

Stories of Success

40th Anniversary Global Convention

"Enagic, as the new incarnation of Sigmac Japan, was celebrating its fortieth year of business. Should the venue be in Tokyo or Los Angeles? The key to the decision was strategic thinking. Holding it in Tokyo would mean great transport links, but Los Angeles or Las Vegas would mean 4,000-5,000 distributors in immediate range. Choose the west coast, and plenty of distributors would likely come from Southeast Asia to mix business with the pleasure of tourism. But Ohshiro decided that the fortieth anniversary of Enagic should be held in a place that celebrated where the company originated.

Gradually, the top distributors from around the world began to arrive in Naha International Airport. Great Britain, France, Italy, the Middle East, Africa, Asia, the States, Canada, Mexico, South America; almost too many countries to count. Nearly a thousand distributors came, from the twenty countries where there are branches, from the 120 countries to which products are exported. The 40th Anniversary Global Convention celebrated Enagic's milestone with brilliance and bustle.

Many of the distributors took several flights to get to the convention. Peter Shaw, a distributor from the Netherlands, made his first trip to Okinawa. He is one of the many distributors who have been greatly inspired by his experiences. He had some words of congratulations, as follows:

"It is always reassuring to have partners who are steady and reliable. I would like to offer my congratulations to Enagic and to President Ohshiro for the past forty years. Not many companies ever achieve such impressive results. For all of us, who have decided to build our careers in this industry, having such a steady and reliable partner is a great reassurance. I look forward to seeing this wonderful company change the lives of many millions more people,

through its vision and its unending march forward."
(From the 40th Anniversary Global Convention program)

Words of congratulation poured in from distributors all over the world. How many other companies would be able to hold a global convention in Okinawa, of all places? I've never heard of such a thing, and I am from Okinawa myself. A man who has been so nearly broken by setback after setback cannot enjoy walking his glorious path without seeking to give hopes and dreams to others. Ohshiro walks along a single path, but each distributor has the chance to carve out their own pathway to success."

Copies of this inspiring and insightful book are available on the Enagic website and at Enagic offices and make an excellent gift for any new or seasoned distributor!

Above is an excerpt from the book **Quenching the Thirst for Global Success**, the Success Story of Hironari Ohshiro. It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic.
