*Take the Plunge
and Share
Kangen Water's Benefits*

*"Stay Hydrated in Summer to
Help Achieve True Health"*

Message from Mr. Ohshiro

When people hear the name Enagic, different things may come to mind, but first and foremost, we aim to achieve True Health. Controlling what we take into our bodies and how we live each day mentally, physically, spiritually, and financially helps to shape not only our lives, but also other people's lives. It is important that all staff members and Independent Distributors practice the Enagic True Health philosophy. After all, we achieve more success by working together.

As we're once again reaching summer and the weather grows warmer in the Northern Hemisphere, our thoughts focus on physical health and Kangen Water's many benefits, which include hydration. The more Kangen Water we drink, the better we'll be able to stay fresh as we face more heat and humidity. Drink Kangen Water all day long to maintain strength and focus.

Of course, drinking Kangen Water from glasses or reusable water bottles isn't the only way to benefit. When brewing your morning coffee or afternoon tea, use Kangen Water to maximize flavor and aroma. Cooking with Kangen Water is similarly impactful, allowing ingredients to reach their peak potential.

Hydration isn't limited to people. As the Earth continues to absorb record heat, please consider your pets and plants, which can also benefit from hydrogen-rich Kangen Water. It helps to enjoy and share Kangen Water year-round, but it's most important during summer months.

I know I'll have my glass handy.

Hironari Ohshiro

Enagic Products

Leveluk KANGEN8

5-year warranty

Enagic's most powerful antioxidant machine - featuring 8 platinum-dipped titanium plates!!

- Electrode plates: 8
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 230
- Dimensions(mm): W345 x H279 x D147

Leveluk SD⁵⁰¹ PLATINUM

5-year warranty

Features a revamped modern design that coordinates beautifully with today's stylish kitchens.

- Electrode plates: 7
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 230
- Dimensions(mm): W264 x H338 x D171

Leveluk SD⁵⁰¹

5-year warranty

The finest machine in its class, with the highest quality built-in electrolysis chamber on the market.

- Electrode plates: 7
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 230
- Dimensions(mm): W264 x H338 x D171

Leveluk Super⁵⁰¹

3-year warranty

The MOST POWERFUL model! Top of the line model for heavy home use or small business use.

- Electrode plates: 7 & 5
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 200
- Dimensions(mm): W352 x H384 x D250

Leveluk SD⁵⁰¹ u

5-year warranty

This UNDER THE COUNTER model conveniently nestles discreetly under your sink!

- Electrode plates: 7
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 230
- Dimensions(mm): W264 x H338 x D171

* Availability of the product line-up and warranty may vary depending on the country or area.

* Please contact your corresponding Enagic office for more details.

Leveluk Jr IV

3-year warranty

The JRIV has four solid electrode plates which reduces the energy consumption!

- Electrode plates: 4
- Plate size(mm): 135 x 75
- Generates: 5 water types
- Wattage(W): 120
- Dimensions(mm): W264 x H338 x D171

ANESPA DX

MINERAL ION WATER
Mineral Ion Water Activator

3-year warranty

Transform your ordinary bathroom into a natural hot spring resort with the mineral ion water HOME SPA System!

- Electrode plates: N/A
- Plate size(mm): N/A
- Generates: Mineral ion water
- Wattage(W): 2.5
- Dimensions(mm): W130 x D346

KANGEN UKON- Nature's oldest healer and protector! Detox, energize and strengthen your body with Kangen UKONΣ turmeric supplements!

Enriched with high quality ingredients & essential oils: Curcumin, Healthy minerals, Olive Oil, Perilla Oil, Niacin, Flaxseed Oil, Evening Primrose Oil, Tocotrienol.

Benefits of Membership:

- Eligible for E8PA loyalty discounts & Commission of Ukon DD, Anespa DX and Super 501.
- IT Solution.
- Stay at any Enagic affiliated lodging facility at a special price or for FREE! (depending on card-type)
- Earn E-points.

Independent Distributors Give Thanks for Team Accomplishments

2021 is shaping up to be a successful year. As Independent Distributors build momentum, three top leaders reflect on how they've accomplished so much. Spoiler alert: it wasn't by accident, and it wasn't alone.

As a business owner for two decades, I knew Enagic would be a once-in-a-lifetime opportunity to get out of the traditional business. I saw that this revolutionary technology will take us far and wide into the future. I fully trust Enagic's high standard products and its compensation plan. Working hard is important, but having the right company and team to back you up is indispensable. Thanks to my leaders, 6A2-4 Khoa Nguyen and 6A2-2 Hinh Huynh for always making time to support my team. Specifically, I'm thankful for my team in Tampa and Arizona

for working so persistently to promote this product and helping so many families gain physical and financial health. I'm proud to say that the month of February 2021 resulted in six 6A accounts and two 6A2 accounts. We couldn't do this alone! Thanks to my team! -**Tam Le, 6A2, Holiday, Florida**

I'm so glad that 6A2 Tam Le shared this product with my family. It was without hesitation that we jumped on board with Enagic. I'm thankful for my whole Arizona team, my leaders, Khoa Nguyen, Hinh Huynh and Tam Le for always making themselves available. Most importantly, I'm thankful for my wife, Muoi Tran, for working so hard day and night to reach the rank of 6A2. I'm so proud of my team for achieving two 6A accounts and one 6A2 account within 3 months! I couldn't do it without my team players and certainly wouldn't be able to be where I am without Enagic. -**Thuan Ngo, 6A2, Phoenix, Arizona**

Coming from other business and networking backgrounds, I knew this opportunity was not to be missed. I learned that persistence and patience will pay off and it did. Within the month of February 2021, our team achieved eighteen 6A accounts and three 6A2 accounts. I'm so proud and will continue to support my team in whatever they need so that we all can succeed together. I'm proud of my team and I can't wait to see everyone at the top very soon. As a promise to my team, my goal is to reach the 6A2-3 rank by this summer. Thank you Enagic for this opportunity to be a leader that I couldn't imagine in any other business endeavors. -**Hinh Huynh, 6A2-2, Atlanta, Georgia**

KANGEN Water

Water Profile

pH
8.0 - 9.5

Most Enagic Water machines produce five types of filtered, ionized alkaline and acidic waters through electrolysis:

Strong Acidic Water: pH 2.7

Beauty Water pH 4.0 - 6.0

Clean Water pH 7.0

Strong Kangen Water: pH 11.0

This month, we profile hydrogen-rich Kangen Water, which is ideal for hydration. Kangen Water also has many kitchen applications and it is beneficial to the environment because it is not sold in plastic water bottles.

Drinking

Drink Kangen Water throughout the day. Unlike tap water, Kangen Water has no unpleasant odor, tastes lighter, and, according to many consumers, has a sweeter flavor.

Food Preparation

Rinse fruits, vegetables and fish to remove pesticides and delay oxidation. Enhance flavors of tomatoes, broccoli, onions and more by parboiling in Kangen Water.

Coffee & Tea

Enjoy the wonderful color, taste, and aroma of coffee or tea prepared with Kangen Water. You can also use less coffee or tea and still achieve robust taste thanks to the water's high extraction ability.

Soups & Stews

Kangen Water draws out the flavor of ingredients and helps make them tender and juicy. Therefore, food doesn't need as much seasoning or salt.

Plants

Kangen Water may help to reinvigorate plants. The water also stimulates germination and improves seedling development.

Change Your Life Story

6A Koh Bee Sook - Malaysia

6A Koh Bee Sook grew up in a small Klang Valley town in Selangor, a state in the shadow of Malaysia's capital, Kuala Lumpur. She previously owned a small catering business that performed well financially, but limited her health and freedom. Her career trajectory changed completely after she discovered Kangen Water on social media. She witnessed a full demonstration, which she found "amazing," bought her first Kangen Water machine in November 2019,

and immediately became an Independent Distributor.

She recalls, "My leader, 6A Jensen Tang Siew Wei, was able to tell us about the Enagic patented 8-point compensation plan and True Health philosophy." After a few months of enjoying Kangen Water, and based on her growing belief in Enagic, Koh Bee Sook started sharing her experiences and excitement with family and friends.

Koh Bee Sook's first sale was a K8, which her friend purchased following her enthusiastic demo. As she says, "Opportunity is anywhere we have people."

Koh Bee Sook shared some keys to her success. “My family consistently shares True Health with relatives and friends,” she says. “We create a sustainable model to train team members to consistently share True Health with their friends or business prospects about Enagic products and marketing plan.”

Unlike in her stressful catering days, being an Independent Distributor allows Koh Bee Sook to “travel with a relaxed mood while meeting prospects in the world,” a feeling she calls “fun and fantastic.”

In her increased spare time, Koh Bee Sook enjoys traveling and cooking. She uses Strong Kangen Water to wash pesticides and utilizes

Kangen Water to steam fish, which is her favorite dish to prepare.

By February 2023, Koh Bee Sook hopes to achieve a 6A2-3 rank. “My dreams and goals are financial, time, and health freedom,” she says. “As a leader, I learn and apply knowledge to share and encourage team members to set a target, stay in a positive thinking environment, be consistent, and help team members to achieve their dreams. Think big! Achieve big! Dream big!”

New York, USA Distributor Profile

Kevin Tang

6A2-3

Kevin Tang grew up in Vietnam, the youngest boy in a family that had minimal means, but he's overcome early adversity to accomplish so much. He relocated to America in 1988 and after graduating high school, attended college to study home design. Kevin has been a successful entrepreneur ever since then. He still

owns a hair salon and builds houses. "I try to do different jobs to earn money for a living," he says. "I work extremely hard to chase my dreams." Being an Independent Distributor has become an important part of his large life plan.

In 2018, some friends told Kevin about Kangen Water and he took that as a sign to learn more about Enagic. "At first I was really skeptical, but after seeing the demo, I bought the machine right away to experience it," he says. "After a month of drinking Kangen Water, my body felt better."

To learn more about the product he felt was making an impact, he attended a Kangen Water training session in Arlington, Texas, and learned from top leaders like 6A2-5 Dang Nguyen. "After a few days of study, I realized this was a good opportunity," he says. Kevin started as an Independent Distributor in August 2018 and now holds a 6A2-3 rank, which is a notably fast rise.

This is the first time that Kevin has been involved with direct selling, and he appreciates different aspects of Enagic's model. "There is the whole team sharing and mentoring," he says. Kevin singled out Dang and his fiancée, 6A2-4 Diem La, for showing particularly impactful support and encouragement.

Kevin's goal, to be promoted to 6A2-4 in 2021, is just the start. "My future goal is to strive to help my team grow stronger and at the same time, share the opportunity that Enagic and Kangen Water have spread around the world," he says. "I will help my brothers and sisters on the team successfully achieve high

wishes." He's enjoyed strong early success and wants to share the opportunity.

When he isn't working, Kevin finds peace through meditation, by spending time with family, and taking care of his puppy named Rocky. He also relaxes by visiting his koi pond, exercising, watching movies and reading books.

"Ever since I came to America, I have always wanted to achieve success in order to have a life-change and to take care of my parents, but through so many jobs, I never had a chance to change my life," Kevin says. "It was time for me to find Enagic. Enagic has changed my life."

India Distributor Profile

**Tarun Narainsingh
Advani 6A2-2**

6A2-2 Tarun Narainsingh Advani is a Mumbai native who still lives in India's largest city. In 1989, he started manufacturing, importing and distributing electrical products across seven Indian states, to 600 dealers, as part of his family business. Life changed dramatically when Tarun discovered Enagic.

Tarun learned about Enagic through a good friend, 6A4-3 Sudesh Malik, who was also a member of the popular group BNI [Business Network International]. "When he invited me for a presentation way back in 2016, I was not really convinced," Tarun says, citing cost concerns. "But he kept sharing." When Tarun's mother was bedridden in December 2016, he tried Kangen Water from Sudesh's house for a few weeks, and it's unclear how much the

water helped, but his mother's condition improved, so he bought a SD501 machine for her and his family.

"I initially did not consider the business opportunity very seriously, but there were some changes in the country like demonetization & GST [Goods and Services Tax], which had an impact," Tarun says. He started as a part-time Independent Distributor, but after his efforts showed such promising results, he

committed full-time in January 2018. “I am very happy that I made this decision,” he says. “All the businesses that I did until now required large investment, giving credit, huge overhead, and lots of stress, and that was not the case with Enagic.”

After purchasing his SD501, he enthusiastically shared the benefits. Tarun organized two large demos, calling 300 people and getting 62 people to show up. “All appreciated the product and the business opportunity, but no one joined.” Undeterred, he followed up with every attendee over the next month and got 12 people to purchase Kangen Water machines and become Independent Distributors. “There had been no turning back since 2018,” he proudly says.

Tarun’s experience as an Independent Distributor has been so positive that his wife Roshni also got involved. She was a housewife for over two decades and is now 6A in what has become a new family business. “The support she has given has resulted in our success in Enagic,” Tarun says. “It is a different dynamic when couples work together. It’s no longer a profession; it’s a passion.”

Tarun credits his past experience in the family business, which included overseeing 22 managers, with helping him develop “skills of handling teams, empowering, and growing them.” Being part of BNI has also given him leadership confidence, which he now instills in his downlines. “The plan that I have created identifies key leaders from the group who are going to contribute to this goal and spending maximum time in training, empowering, and developing them,” he says.

Tarun aims to reach 6A2-5 by February 2022 with support from his team, and by supporting his team. To help achieve this goal, he schedules regular training sessions and demos through Zoom and in-person. He’s always available as a resource to move the team forward. As Tarun says, “When they win, I win.”

Mandar Khopade

Enagic Spotlight

Mandar Khopade grew up in Mumbai. After completing business management training, he initially worked as a business development executive in Sahara Star's housing project start-ups and related sales promotional activities. Mandar's career continued at Mirah and Softbrige Solutions, where he oversaw language training, developed IT software, and managed business and sales administration. He came to Enagic in 2013 and currently works as Enagic India's Country Head/Manager in Bangalore.

How did you learn about Enagic?

Dr. Kazuo Yokoya from Japan, [a Doctor in Wellness Education who helps coach and train Enagic India], explained to me first about Enagic and its products during 2012. Further, I took the initiative to understand the company and its business through Enagic's official websites, from other senior managers in the company, from a few old distributors at that time, and the available literature of the products and company.

What are you focusing on right now with the company?

We are focusing on spreading Enagic philosophy and opportunity to the maximum number of people in Indian society as there is good potential to create employment and business opportunities for the country's people. At the same time, we are focusing on developing the business culture and training for the Independent Distributor network, which can help to give sustainable business growth to the company and to distributors. Overall, the areas I am focusing on can define short-term and long-term goals as per business needs including sales growth, company expansion, training and development, digitalization, compliance and company branding.

What are your favorite aspects of working with Enagic?

There are many business aspects, but a few that I can mention are the company philosophy; Enagic's business compensation plan helps many people make their business career successful. Importantly, we get an opportunity and platform to implement and show your business knowledge and entrepreneurial skills.

What are the biggest challenges of working for Enagic?

Each company usually has some challenges that require dealing with from time to time. I look at this question from different angles. Any individual gain in Enagic business is incredible, including wellness benefits by using products, financial benefits by doing Enagic business (distributorship), and a healthy business environment. In Enagic, the product, company brand value, and compensation plan are ideal. Every entrepreneur looks forward to doing a booming business, so sometimes we face a very positive challenge to make someone understand, "Yes, Enagic is perfect for you to do successful business and achieve your life goals." Every Enagic family member takes this challenge very happily.

What is your most memorable Enagic experience?

I was curious to visit Okinawa. Visiting there, experiencing, understanding the origin, the insights, and root of Enagic was a most memorable experience in Enagic for me. Further, I wish that every Enagic member would try to visit Okinawa whenever the opportunity comes to understand the root, story, history of Enagic and make those moments memorable in their life.

What do you like about Kangen Water?

It is just “unique and amazing.” The features of Kangen Water machines are worth the price that we pay to purchase the product. The antioxidation and ORP (Oxidation Reduction Potential) properties make me drink Kangen Water every day.

Do you use other types of water? If so, what are your uses?

The other properties of water are beneficial in day-to-day use in my home kitchen for cleaning purposes. We also experiment with different types of water while baking at home... We use 11.5 pH a lot in the kitchen.

How is Enagic different from other companies?

I also get this question from prospects and Independent Distributors. Primarily, I explain the three points from a business perspective:

- 1) *Enagic is the pioneer and leader in the water ionizer industry.
The range of products, its technology, and wellness of Kangen Water add value to each life.*
- 2) *The compensation plan is the best example of a direct selling compensation plan, which motivates and makes you work and perform to achieve financial benefits.*
- 3) *The company brand and country of origin, Japan, creates trust among people that makes us different from other companies.*

Besides, I strongly feel that all facts cannot be put into words. Sometimes people can only understand through experiences; hence, if someone wants to know the real difference between Enagic and what difference Enagic can bring in their life, it can be understood by becoming a part of the Enagic family. So a simple way I prefer to answer someone asking this question is, “It’s different.” That’s it, and you can feel and experience the *real* difference only by becoming a part of the Enagic family.

What are your objectives in the future with Enagic?

We always believe in the steady, sustainable growth of the company. Keeping this in mind, we will be focusing on those areas and planning. We have the objective to maintain Enagic on top. And put our best possible efforts to develop and give business support to our valued Independent Distributors, which can help create ease to do business, reach maximum people in India, explain the Enagic opportunity, and give a business platform that can go on from generation to generation.

Enagic USA Donates Six K8 Machines to Torrance Fire Department

Enagic USA has been headquartered in Torrance, California, since 2008 and has developed a deep bond with the mid-sized South Bay city. Torrance houses a sizable Japanese-American population, topping 10% thanks to influence from Japanese companies, including auto manufacturers, that set up North American headquarters

here. As a way to give back to the community, Enagic USA recently donated six K8 machines to the City of Torrance Fire Department. Firefighters now have the ability to drink Kangen Water and clean with Strong Acidic Water at six different fire stations.

Rigorous training often leaves firefighters depleted and they constantly need to hydrate to stay fresh in the event of an emergency. Kangen Water will help them to achieve peak performance in Torrance. After all, some people use Kangen Water

as a sports drink. Hopefully, having Kangen Water handy will give these brave front-line heroes a boost.

Stories of Success

The Six Teachings of Water

In Mr. Ohshiro's Presidential Office there is a hanging scroll, on which the teachings are written. It was a gift that presents a highly accurate observation of the properties of water. It also appears to advocate that we try to live our lives much like water.

- 1. Water gives vitality to all living creatures.*
- 2. Water flows ever onwards, seeking out its own path.*
- 3. Water has the courage to overcome whatever obstacles lie in its path, but can also take the shape of the vessel which contains it.*
- 4. Water is inherently pure and can wash away the impurities of others; it accepts both the good and the bad.*
- 5. Water becomes force and becomes light, performing endless tasks in production and in daily life, without asking for any reward.*
- 6. Water fills the oceans, evaporates into vapor and clouds, falls as rain, changes into snow, and transforms into mist, yet never loses its own true nature.*

Above is an excerpt from the book ***Quenching the Thirst for Global Success, the Success Story of Hironari Ohshiro***. Toshio M. (2015)

It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must-read for distributors, it is available at

 www.enagic.com/shop

Also available in Chinese, Italian, French, Spanish and Japanese! Contact your local branch office for details.

Congratulations to each of you for your outstanding achievement!

6A Support Campaign in May

Develop 200 New 6As to Hit the 25,000 Mark!

- If the New 6A is “Step 10” the requirements for eligibility remain the same. (5 or more sales within 8 Points during the month of the campaign.)
- However, in the cases of “Steps 1-9” the bonus will be paid with the achievement of becoming a New 6A.
- The support bonus amount for the upline leaders of the New 6A’s will be determined by the number of sales within 8 Points as shown below.

5 sales : 100% 4 sales : 80%
3 sales : 60% 2 sales : 40% 1 sales : 20%

6A Achievement Step Chart (US\$)

Step	1	2	3	4	5	6	7	8	9	10
Unit	0-10	11-20	21-30	31-40	41-50	51-60	61-70	71-80	81-90	91 & Above
New 6A	\$ 850	\$ 800	\$ 750	\$ 700	\$ 650	\$ 600	\$ 550	\$ 500	\$ 450	\$ 400
6A	\$ 1,700	\$ 1,600	\$ 1,500	\$ 1,400	\$ 1,300	\$ 1,200	\$ 1,100	\$ 1,000	\$ 900	\$ 800
6A2	\$ 2,200	\$ 2,000	\$ 1,800	\$ 1,600	\$ 1,400	\$ 1,200	\$ 1,000	\$ 900	\$ 800	\$ 700
6A2-2	\$ 2,100	\$ 1,900	\$ 1,700	\$ 1,500	\$ 1,300	\$ 1,100	\$ 900	\$ 800	\$ 700	\$ 600
6A2-3	\$ 2,000	\$ 1,800	\$ 1,600	\$ 1,400	\$ 1,200	\$ 1,000	\$ 800	\$ 700	\$ 600	\$ 500
6A2-4	\$ 1,900	\$ 1,700	\$ 1,500	\$ 1,300	\$ 1,100	\$ 900	\$ 700	\$ 600	\$ 500	\$ 400
6A2-5	\$ 1,800	\$ 1,600	\$ 1,400	\$ 1,200	\$ 1,000	\$ 800	\$ 600	\$ 500	\$ 400	\$ 300
6A2-6	\$ 1,700	\$ 1,500	\$ 1,300	\$ 1,100	\$ 900	\$ 700	\$ 500	\$ 400	\$ 300	\$ 200
6A2-7	\$ 1,600	\$ 1,400	\$ 1,200	\$ 1,000	\$ 800	\$ 600	\$ 400	\$ 300	\$ 200	\$ 150
6A2-8	\$ 1,500	\$ 1,300	\$ 1,100	\$ 800	\$ 700	\$ 500	\$ 300	\$ 200	\$ 150	\$ 100

We look forward to your continued support and training of the new 6A’s to achieve our goals.

Enagic International CEO - Hironari Ohshiro
