#### Finish the Year Strong and Benefit Your Business With Team Activities

Dear Enagic Independent Distributors,

The final quarter of 2022 has begun! How is your Enagic Business progressing? Ending the year with a good result is important for any business and life. Especially as a "leader," you are now responsible not only for yourself, but also your whole team. We are sure that there are still many people in the world looking for opportunities. True leaders must lend a hand to those in need.

Enagic encourages top leaders to help more people and support team activity, such as organizing events, meetings, trainings, etc. How often do you invest in your teams? When was the last time you organized an event for your downline? We believe that all Enagic leaders need to understand and follow the Enagic vision and philosophy of True Health and compassion.

We encourage you to connect with your team more frequently and help them to strengthen their businesses. This can either be in-person or online. The key is just that you're connecting.

With your leadership and support, help them achieve a higher rank. With Enagic's patented 8-point compensation plan, when your downline succeeds, you also succeed. Everybody wins.

Maintaining a robust calendar may take more effort, but is worthwhile to your team business and personal growth. Remember to stay hydrated by drinking refreshing Kangen Water<sup>®</sup>.

# Change Your Life Story

"I remember when I purchased my LeveLuk R on a payment plan in January 2014," Jerome Herbert recalls. "The rank 6A2-3 was such a monumental longterm goal for me. I planned and structured my business very early on in order to achieve 6A2-3." Now that day has arrived.

Even though Jerome achieved an ambitious goal, he remains determined. "My next goals haven't really changed," he says. "I want and strive to help 1A distributors become 2A. That is the most important goal we have as leaders: instilling good habits early on to achieve advancement in the company. Developing 6As and 6A2s is key. Really developing people as leaders and developing teams and creating a culture around groups of people that love sharing the Enagic opportunity and Kangen Water<sup>®</sup> we all love."

"I didn't know how big and huge this project would become and how many people's lives I would impact and become immersed with," Jerome says. "I had no idea I was in for a whole life changing experience." Jerome has worked in sales and management since he was 20 years old. He previously sold cell phones, managed a store that sold martial arts gear and spent time in the mortgage business before he got a job at an Apple store. That's where he learned about Enagic from a customer, 6A2-2 Alec Leung, a chance encounter that led to Jerome's Independent Distribution.

"Being involved in sales has not only taught me a lot about people, but it also has taught me a lot about myself," Jerome says. "For me, it's all about how I can make people's lives better."

Jerome believes in self-improvement, but truly thrives when boosting others. "I enjoy changing people's lives with Enagic," Jerome says. "It gives me a purpose and a sense of fulfillment."

5

Modern methods have helped Jerome to advance his team's cause. "Since my business has become global, I rely on technology to hold meetings and one-on-one trainings to develop people," he says. "I enjoy doing live demonstrations with people that I can meet locally and making sure people learn how to do full demonstrations as well."

When he's not working, Jerome still carves out time for other people and activities that are important to him. He says, "I've been enjoying traveling and spending time with my kids, exercising almost daily and continuing to meet new people." He's still far from the finish line.

#### Mirian Fatima Comparin Correa

**5A** 

5A Mirian Fatima Comparin Correa grew up in Campos Novos in southern Brazil and currently lives in Campo Grande, the state capital in more central Mato Grosso do Sul. She discovered Enagic through 6A2 Mauro and Agnes Maltzahn in 2018. Mirian soon became an Independent Distributor and continues to share Kangen Water<sup>®</sup> beyond her business pursuits.

Mirian's passionate mission is to care for children with cancer at the AACC-MS (Association of Friends of Children with Cancer) facility she founded 24 years ago in Mato Grosso do Sul. The facility helps 600 children and adolescents. "We are doing our best to support them," she says.

GEDENE PROGRES.

"We introduce all the children and their parents to Kangen Water<sup>®</sup> and explain to them the importance of drinking water and why it can change their lives," Mirian says. "Many of the children are from poor families who cannot afford a Kangen machine, so we ask those who can afford one in their area to buy one and distribute the water to the poor." They also donate water. "We use a mailing service to send water to areas where there are no Kangen machines."

"Our goal is to bring Kangen Water<sup>®</sup> to those who need it," Mirian explains. "The doctor at the facility, Marcelo, also has a machine and understands the importance of water." The facility has one K8 and two R machines. Family members and employees drink Kangen Water<sup>®</sup>. "We also distribute Kangen Water<sup>®</sup> to hospitals where children are being treated for cancer," Mirian adds.

Mirian also devotes significant time to agribusiness ventures. She has a demanding schedule that requires frequent travel, but being an Independent Distributor remains an important side project. Mirian continues to guide her downline on how to best use the five different water types and in caring for their machines.. "I became a distributor for the benefits I witnessed in the water," she says, "and with this principle I have been leading it to other people to this day."

# Australia Distributor Profile

#### Trang Le 6A2-3

6A2-3 Trang Le's father was a South Vietnamese soldier during the Vietnam War, fighting alongside the U.S. and their allies. In 1986, when Trang was 10 years old, they escaped from Long An by boat to seek better opportunities beyond their homeland. The family spent 14 months in refugee camps in Thailand before reaching Perth, Western Australia. As Trang describes, they had hardly any resources, "nothing but bare hands and the clothes we were wearing." However, Trang and her family persevered and have created rewarding lives for themselves in Australia.

Trang earned a Bachelor of Pharmacy degree from Curtin University in Western Australia. "My husband and I bought our first pharmacy which was extremely run-down, built it up and turned it into a profitable, reputable and well-known pharmacy in a community outside of Perth," she says. They operated the business for 10 years before a talk with a fellow pharmacist, 5A Nga Nguyen, changed her career.

Trang purchased the SD501 water ionizer in 2017, ungraded to a K8 and started as an Independent Distributor in October 2018. She earned a good living as a pharmacist, but the potential for True Health swayed her. "As a pharmacist, I have extensive understanding about the importance of water for our body," Trang says. "I would like to make use of my knowledge to help customers understand the science and benefits of alkalized water." Trang started by introducing Kangen Water® to pharmacy patients and quickly realized she could make a bigger impact beyond her counter. "I decided to sell the pharmacy and work full-time on spreading the word and sharing Kangen Water<sup>®</sup> with as many people around the world as I can."

Trang sold her first machine, a JRII, to 6A2-2 Hang Vo, her husband's cousin. From there, she learned more about Enagic's patented 8-point compensation plan and Trang (and Hang) decided to invest fully in becoming an Independent Distributor.

"I have 120% faith in the company, its products and its business model," Trang says. "I look forward to continuing to build my teams around the world to continue in the footsteps of Mr. and Mrs. Ohshiro in trying to help as many people as I can."

"My immediate goal is to rank up to 6A2-4 by the end of the year and help my team to reach their goals as fast as possible," Trang says. In order for her downline to reach 5A, 6A, 6A2 and beyond, Trang hosts regular team bonding gatherings and weekly Zoom training events on subjects like how to invite customers to see demos, how to do demo effectively and how to properly explain Enagic's patented 8-point compensation plan so that customers understand the great

opportunity. She also stresses "action and strategic planning to achieve goals within a certain timeframe."

Over the last four years, Trang has built up teams in Australia, the United States and Southeast Asia, including Vietnam. She emphasizes, "The only way to help the team grow is to create teamwork and build a strong network."

#### Top Leaders Share Keys to Continued Success

Leading up to the recent 48th anniversary and 9.5. Day celebration in San Diego, top leaders shared their thoughts on key factors that have motivated their continued success. These lessons may help other Independent Distributors to achieve top ranks and thrive.

#### How has Enagic changed long-term success?

6A9-5 Bob Gridelli: I believe Enagic's success is because of the founders in the company, Mr. and Mrs. Ohshiro. They look at all of us as their children and when you go to Okinawa, when you get to 6A2-3 and above, they plant a tree in your name, and that's all about having a home to plant your roots in.

6A3-7 Dang Nguyen: I think it's not a secret. We have to create leaders.

6A14-7 Cynthia Briganti: Perseverance, respect, accept and move on, and never give up.

#### How do you sustain excellence?

6A6-4 Jillina Dafesh: We can't serve others until we truly serve ourselves. I always say Enagic isn't about hype. We're all about hope.

6A3-7 Dang Nguyen: I have to keep my energy, my fire in me all the time. Also educate our downlines to solve problems for themselves.

#### What have you learned from failure?

Cynthia: Failure for me is a great success because that's going to be my stair to climb to the top. Failure makes me a stronger producer.

#### How does Mr. Ohshiro compare to other CEOs?

6A12-6 Eli Dafesh: The idea is really to love people and use money. That's Mr. Ohshiro. He loves people, but he uses the success of the company to pay back to the distributors. You feel like you're protected. You feel like he's got your back.

Bob: It's not about possessions. They believe in giving back to the community, giving back to the island they live on.

Wadia: He's just so kind-hearted and humble. When you come into Enagic, you get a home.

#### Enagic India Celebrates Success With 6th Anniversary Event

India is one of the fastest growing, most successful markets for Enagic. On September 12 & 13, Enagic India celebrated a memorable 6th anniversary event at Hotel Sahara Star in Mumbai. Over 2,500 people participated, including Independent Distributors, top leaders from the Enagic International community and internal management team members. Enagic India chose this year's theme, "Aim Beyond," since they couldn't celebrate last year's anniversary due to pandemic restrictions and can finally move forward at full speed.

The two-day event included a September 12 meeting with leaders ranked 6A2-2 and above. This celebration at Novotel Juhu included a cake-cutting, photo shoot, and a gala dinner.

September 13 was the main event, with a full day of keynote speakers, lunch, a recognition ceremony and dinner party. The agenda included four main points:

- 1. Work is valued. Show gratitude for each person's good job.
- 2. Honoring our distributors for their achievement.
- 3. Words of wisdom.
- 4. Many thanks.

Featured Independent Distributors spoke about their journeys with Enagic and discussed ideas on how to overcome challenging situations. However we spread Kangen Water®'s positivity and benefits, standing together as a team helps everybody to deliver the best result.

Top leaders also mentioned how they are interested in making other lives easier. Independent Distributors are always there to support their down lines in any difficulties to lead them to success. They also thanked Enagic Founder and CEO Hironari Ohshiro for giving them an opportunity to be part of their business and wished people "Health, Wealth and Mental Peace."

The following leaders spoke throughout the program that took place on September 13:

6A2-3 S.B Nagori 6A3-3 Santosh Mahanty 6A3-3 Ramesh Annaveni 6A4-3 Saptal Sagar 6A3-3 Jagannath Shastry 6A3-3 Mohit Vaghasiya 6A2-3 Raj Kikani 6A2-3 Gaurav Gondalia 6A2-4 Nageshwar Shukla 6A4-3 Girish Kapoor 6A7-4 Samir Potdar 6A7-5 Rajan Manjrekar 6A7-6 Sam Sia 6A6-5 UP Enterprises 6A2-5 Amit Patolia 6A3-4 Sudesh Mallik 6A3-4 Dr .Pavan Reddy 6A2-4 Rama Shastry 6A3-4 Mitesh Baldha 6A3-4 Arvind Vataliya

"Okinawa has oceans of unparalleled beauty. Prefectural trade and commerce is booming, creating a market more than able to meet the needs of new generations of Okinawans.

Any Uchinanchu (local name for Okinawan) who has experienced the islands during or immediately after the war must surely be struck by the absolute change Okinawa has undergone.

We could not have predicted what Okinawa would become. If you are busy thinking about how to survive today, you have no energy left over to think about what might happen tomorrow."
