Enagic®

Enagic India Leaders: Key Contributors to Record Global Sales!

**6A3-3
Asha Sanjay
Sondagar**

A night cityscape with fireworks exploding in the sky over a body of water. The fireworks are in shades of purple, blue, and white, creating a starburst pattern against the dark blue sky. The city buildings are lit up, and their lights reflect on the water in the foreground. The overall mood is celebratory and energetic.

“How are YOU going to expand our mission? Looking back with gratitude, you’re armed with a powerful energy to find new people and introduce them to the mission of Enagic.”

**Hironari Ohshiro
Enagic Founder and CEO**

Message from Mr. Ohshiro

Quench Your Thirst for Opportunity in 2023

Happy New Year. We have a lot to look forward to in 2023. On June 21, we celebrate the company's 49th anniversary, drawing ever closer to Enagic's landmark 50th anniversary. In July, we'll also mark Enagic USA's 20th anniversary, an important milestone in our global expansion.

When I founded Enagic in 1974, I knew I couldn't succeed on my own. Since then, more than 2 million Independent Distributors worldwide have committed to our mission to share Kangen Water® and pursue True Health, a mix of physical, financial and mental health. Thanks to your compassion and relentless efforts, we've accomplished so much together, and still have more to do. The world has billions of people who haven't heard of or tried Kangen Water® yet, though that's changing. Every day, we have a new opportunity to tell at least one more person about your experience as an Independent Distributor and share the gift of Kangen Water®.

People who purchase Kangen Water® ionizers can get as much out of their experience as they put into it. Some people are content to just use the five types of water and enjoy the benefits from Strong Kangen Water, Kangen Water®, Clean Water, Beauty Water, and Strong Acidic Water. Many people become part-time Independent Distributors while others transform the opportunity into a full-time career. How much do you want to get out of the opportunity?

Now is the time to establish goals for the rest of 2023 and beyond. Consider the following:

- When do you plan to attend an in-person Enagic event? Check the calendar at kangenevents.com to see if there's an upcoming event near you.
- How many prospects will you bring to this event?
- How many Kangen Water® machines and/or Ukon will you sell?
- How many lives will you transform?
- Are you just attending these events for fun, or can they help to achieve your goals?

No matter how much you decide to participate as an Independent Distributor, know that Enagic will support you. Top leaders are also often available to share methods that have worked for them and with training sessions and seminars, both in-person and online. Coordinate with your upline and downline to find a strategy that works for you. Make the resources available work for your team. Just know that whatever you think you can handle, there's often another gear waiting to turn inside you. That can mean simply reaching out to just one more potential sales lead per month. As I've seen, people can often accomplish more than they ever thought possible.

Find opportunities with friends, family members, and acquaintances, but also consider people beyond your network to generate additional commissions through Enagic's patented 8-point compensation plan. Each day provides the chance to tell new people about Kangen Water®, Ukon and Anespa. Apply lessons learned from 2022 to make 2023 an even bigger success.

As always, the first step is to take a sip, so fill two glasses with Kangen Water®. Share one glass with somebody new and enjoy the other glass yourself. Quench your thirst.

Hironari Ohshiro
Enagic Founder and CEO

Change Your Life Story

6A3-3 Asha Sanjay Sondagar

6A3-3 Asha Sanjay Sondagar grew up in Bundani, a small village in Gujarat's Amreli district, in a farming family. He's lived in Surat, India's "Diamond City," since he was 22 years old. After graduating from Navyug Arts College, he joined the workforce and took a winding path to Enagic.

6A4 Mansukh Kalsariya introduced Asha to Kangen Water® in June 2018. He got a job offer to demonstrate water ionizers to people on Mansukh's prospect list. After two months, Asha was so convinced by what he saw that he purchased a Kangen Water® machine himself.

"At that time I was in a hopeless situation," Asha says, describing a sizable debt.. Thankfully, brothers Jayesh and Rajesh Sondagar helped him to purchase a Kangen Water® machine

and kickstart his Independent Distribution business, transforming his career. Asha's prior boss, Raj Kikani, also became an Independent Distributor and now ranks 6A2-3.

Asha made his first Kangen Water® machine sale to 6A2-2 Jayesh Raval, who named his Independent Distribution business Dhanvatri Enterprise. Asha has gone on to make sales to friends and family, including his sister, Dr. Nidhi Kapadiya, and to people outside of his circle.

Given Asha's past experience, being able to perform well as an Independent Distributor makes sense. "Networking in the past 20 years has helped a lot to understand the importance of team building and leadership development," he says.

Asha has developed a long term method that benefits his entire team and beyond. "My plan is to build a healthy and wealthy India using the Enagic platform so that we all can have peace of mind and happiness with help of our great mentor 6A2-4 Nageshwar Shukla Ji and the entire NSI team," Asha says. "We will give the best support to team members who are already involved and those who are going to be involved."

He supports five different types of training events and seminars to expand his team's reach.

1. Parivartan
2. Super 30 days
3. Leadership Development Program
4. Prashikshan
5. RTP and OTP

“We communicate via different training and digital and physical events,” Asha says, knowing, “If we take action we may fail.” There will be times when people struggle to find the right direction and say, “Ek bar aur,” which translates to English as “when you feel like I’m lost.” However, Asha believes he’s found possible solutions for finding clarity, one of which he calls Super 30. He says, “With the help of motivations, skill, and advice, the most energetic session Super 30 gives new ways, the moral values of life and real time experience to the growth lines.”

So far, Asha has been relentless in his pursuit of success, and now he’s ready for more balance. “I had never taken a break for entertainment in my past 4 years,” Asha says. “From now onward I will accomplish all my hobbies and dreams like roaming around the world with my family.”

India Distributor Profile

Dipti Ranjan

6A2

6A2 Dipti Ranjan learned about Enagic and Kangen Water®'s benefits from 6A Devender Aryan. "After consuming Kangen Water® for a few days my family loved the product," says Dipti, who promptly recommended water ionizers to family and friends. Enagic's patented 8-point compensation plan also proved convincing. The company's "credibility, stability, and global presence" only increased his confidence in becoming an Independent Distributor.

His first sale was to a family friend, Dr. Dibyalochan Sahu. After seeing a Kangen Water® demo he decided to buy an ionizer. "Now he is a 6A distributor and very passionately recommending it to others," says Dipti, who has continued building momentum and confidence. "Now I am growing unstoppable with my team under the guidance and leadership of my mentor, dynamic personality 6A4-2 Shri Rohit Aryan," he says.

Dipti is originally from Bhubaneswar, Odisha, near the Bay of Bengal, and currently lives across the country in Delhi. He has a technology background. Dipti earned a Bachelors of Technology in Computer Science from IETE in New Delhi before founding his own IT business, Xperia Technologies. "In my prior tenure I loved to take challenges," he says. "I was also always keen to learn new things and loved to meet new people. So when I decided to work as an Independent Distributor, the above skills very much helped me to build my Enagic business."

“Through my dedicated and energetic team, we set a goal to reach at least 200 people in a month,” Dipti says. “My professional goal is to achieve 6A2-3 rank by April 2023 and 6A2-8 by 2026.” To achieve these ambitious but attainable goals, Dipti has adopted a 6-step plan.

Steps:

1. To achieve my goal I am very disciplined and consistent towards my work.
2. I have set monthly, quarterly and annual goals for my active Independent Distributors.
3. I am very much planning about product and system education.
4. I am conducting training sessions and workshops in regular intervals.
5. I set targets for monthly product demonstrations, one-to-one and in groups.
6. I am running awareness campaigns about the benefits of Kangen Water® and Enagic.

Dipti has started to turn this plan into action. “I built a system which includes product and system training, seminar, webinar, workshops, events, recognition ceremony, leadership training programs,” he says. “Through this system I am able to communicate with and always motivate my team to achieve their goals.”

India Distributor Profile

Mina Arvindbhai Vataliya

6A2-4

6A2-4 Mina Arvindbhai Vataliya grew up in a small village called Khankotda and has been a long-time resident in Surat, the western Indian state Gujarat's second largest city.

Mina first learned about Enagic and Kangen Water® in 2018 from his dear friend, 6A3-3 Sanjay Sondagar. He wasn't in great financial shape, but Mina says, "I felt that this would be beneficial for my family." He borrowed money from friends and purchased a Kangen Water® ionizer in October 2018. Mina was motivated to repay his loan and to capitalize on his new opportunity.

"I have experience in network marketing and direct sales for 5 years," he says. "I knew that karma would work for me. I made 275 personal demonstrations, but couldn't sell a single device. Because of my karma belief I continued my work." Within a month, Mina made his first sale to a good friend, 6A2-3 Kukadiya Nishaben Dipak Kumar, and quickly built more momentum.

“My first slogan is ‘More demo more sell, no demo no sell’ and the second slogan which was given by my mentor, 6A2-4 Nageshwar Shukla is ‘Jita ke hum jitenge,’” Mina says. This second slogan translates to English as “By making you win, we will win.” “I follow both slogans and make my team follow them,” he says. Given their results, these messages seem to be effective.

Now that Mina has achieved some success as an Independent Distributor, he finally feels comfortable enough to take an occasional break. “For the last four years I have never taken leave to relax,” he says. “Hard work and helping people is my hobby. For the first time in November 2022, I took an international tour with my family.” With both work and family, India comes first, and then the world.

India Distributor Profile

Priyasri Patra 6A2

6A2 Priyasri Patra was born and raised in Odisha, a city near the Bay of Bengal where she also earned her Bachelor of Technology degree in Engineering, specializing in Electronics and Telecommunication. She moved to New Delhi, India's capital, in 2004 and worked in the telecom industry for eight years and switched to education for five years before focusing on her family.

In 2019, future mentor 6A4-2 Rohit Aryan introduced Priyasri to a retired Indian Navy Commander, 6A3-2 Devendra Kumar

Ruhela, who demonstrated Kangen Water® to her and explained all the benefits. This fateful encounter convinced Priyasri to become an Independent Distributor. She's grateful for the chance to share Kangen Water®, which "changed my life completely."

She made her first water ionizer sale to Manju Saxena and husband Anil Kumar Saxena, who initially became users. "After getting benefits by drinking Kangen Water®, both Manju and Anil's conviction level went up," she says. "They started recommending Kangen machines to their near and dears. Having 33 total sales as of now, they are at a rank of 4A." After adding them as her first building blocks, Priyasri continued to push and strive, achieving greater team success.

“As an engineer I understood the technology behind the ionization process better, which increased my conviction towards the product,” she says. “My experience in the educational sector made me read-prepare-explain and helped me to mentor my team in a better way. Many of my friends and colleagues from my telecom background have joined me as my business partners.” She’s gone on to build a team that tops over 700 people spread across 7 countries.

“Effective communication is the key to my business success,” Priyasri says, sharing her efforts:

- Rejuvenation camps
- Residual Training Programs
- Leadership Training Programs
- Seminars
- Home meetings
- Webinars

“Above all I conduct Paathshala (Schooling) twice a week to prepare my team to handle objections by customers and to build a deep understanding of product and business,” Priyasri explains. “They should overcome their fears in sales, be effective communicators, learn doing business online/offline, and be more confident and presentable. I work on their overall personality development.”

To refine her own “entrepreneurial mindset,” Priyasri enjoys reading books and watching videos. Her impressive work ethic is evident, but she takes time to relax with her family. Priyasri is a nature lover who enjoys trekking and jungle safaris. Priyani also likes taking long drives with her husband, 6A Bibhudatta Behera, a fellow Independent Distributor.

Priyasri is thankful to Enagic Founder and CEO Hironari Ohshiro for providing Independent Distributors with such a convincing platform and business opportunity. “Mr. Ohshiro says to share and educate people about Kangen Water®,” she says. “That is the same motto I also have.” She aims

to reach 1 million families with Kangen Water® and achieve a coveted 6A2-8 rank by 2027 while helping teammates achieve 6A, 6A2 and higher ranks as soon as possible.

“There is no other business in this world better than Enagic,” Priyasri says. “This is the only business through which I can achieve my dreams and reach my goals in life. Some of my dreams have already been fulfilled.”

Enagic Sees Strong Sales in 2022

Now that we have all of the 2022 sales data, it's clear that last year was successful for Enagic and for many Independent Distributors. It's amazing what we can accomplish together.

Here are just some of the global highlights:

- Enagic made \$1 billion in global sales in 2022.
- Enagic is one of the fastest growing direct selling companies in Japan and is likely the largest Japanese based direct selling company in the world.
- Enagic Global made 25,000 monthly sales for the first time in Enagic history.
- Enagic Europe made 6,000 monthly sales for the first time in Enagic history.

Enagic USA is our #1 sales market in the world and Los Angeles is the #1 city in the world.

Enagic USA sales units include Kangen Water® machines and Ukon DD subscriptions. In all, Enagic USA saw 66,971 total unit sales in 2022. Three sales months truly stand out.

- March 2022: 6,669 sales
- December 2022: 5,670 sales
- June 2022: 5,499 sales

Enagic India also performed well yet again and continues to exceed expectations.

Independent Distributors will have many opportunities to repeat last year's success in 2023 by focusing on daily activity, regular meetings and seminars. Include prospects whenever possible.

Top Leaders Share Their Hopes for 2023

13 top leaders from the United States reflected on 2022 and look forward to the year ahead.

6A9-6 Jayvee Pacifico (Chairman of Enagic Distributors Association)

Time after time Enagic has been tested. During peak pandemic years, while thousands of businesses were closing, Enagic never folded or buckled under the world economic disaster. What makes Enagic strong and reliable is the compassionate leadership of Mr. & Mrs. Ohshiro and millions of dedicated and passionate Independent Distributors around the world.

2023 is a new beginning. It's time to reset our mindset to reach new heights where we move forward to the next level. Thanks to Mr. & Mrs. Ohshiro and kudos to all distributors who work fervently to spread True Health day in and day out!

6A12-7 Romi Verdera

Our family is so grateful to Mr. & Mrs. Ohshiro and the Enagic community for giving us the ability all these years to follow our dreams. We enjoy doing what we are passionate about, which is doing meaningful work, and making a real difference in people's True Health: physical, financial, and peace of mind. In Enagic, we are empowered to take control of our own future, gain knowledge and skills that help create the life we want. Everyone has the potential to increase financial stability and success in life. We are only limited by our imagination. So let us embrace 2023 with increased hope, higher aspirations, and massive action.

6A14-7 Cynthia Briganti

Let us not focus on being right on how to do things, but just focus on not being wrong on what we are selling to move forward for God! The grace of God be with us all this 2023!

6A3-7 Dang Nguyen

We have accomplished an amazing milestone with 1% market penetration in many different states in America throughout 2022. It proves that our Kangen Water® is truly phenomenal and has a tremendous impact on our human daily activities. 2023 will be a promising year for expanding our Enagic products and business opportunities dramatically. It is the right timing and right market for us to take seriously with ultimate goals. Taking massive action will create huge results to achieve our optimal outcomes. A bright future is in your hands. Fortunately, we already possess Enagic tools that can transform our dreams into reality. If you have seen many normal people in our Enagic family who are from different careers, backgrounds, ethnicities, religions, genders, ages have achieved top ranks in Enagic, you must strongly believe in them and use them as your motivators and indicators with positive energies all the way to your success in 2023.

6A12-6 Eli & Jillina Dafesh

Happy New Year. Let us commit to working together as one global Enagic team to achieve our goals, to constantly strive for excellence in all that we do, and to never give up all our dreams. Let us be inspired by the knowledge that every obstacle we overcome and every success we achieve brings us one step closer to realizing our full potential. Together we can accomplish anything we set our minds to. One team, one Enagic, one dream, the Kangen journey to freedom! We love you. We believe in you. Let's unify.

6A3-6 Dante & Glenda Calinisan

2022 was such a great year of blessings for us. We had numerous achievements last year and think you can do the same thing. We are encouraging everyone to do whatever it takes to achieve your goals in 2023. We have a great company, great products and a great CEO, Mr. Ohshiro. He and Mrs. Ohshiro have been compassionate and generous to all of us. Cheers from Kangen Canada Team International (KCTI) to everyone.

6A3-6 Tan Nguyen

Our Global Vietnam Team has grown tremendously in 2022, not only in Vietnamese communities, but also expanding to other communities in many different countries as well. One of the most important keys for our success is inviting prospects and team members to Enagic events that create huge momentum and enormous positive energies. The year 2023 will absolutely be the best year ever to all distributors, leaders and the Enagic company as well because more and more people realize that they need to drink Kangen Water® and take Ukon everyday. In order to achieve our goals, we have to stay focused, willing to learn and take action continuously all the way. We all should treat this business seriously, invest our time to support our team, and duplicate our system. As a result, we shall all reach success together .

6A2-6 Diem La

Solidarity and dedication create a tremendous force to bring all of your team together to the top of great success. Actions everyday will produce results and your team will always love and unite together. There is nothing more wonderful than “leadership with love, respect, and loving each other like a family.” Let's keep the faith, hold hands to spread the best things in the company Enagic, to help more people understand the true value of Kangen Water®.

6A9-6 Akitoshi Nakamura

I would like to wish everyone a very happy new year. Due to the pandemic, many businesses experienced a downfall. However, Enagic's True Health prospered. I believe this year will be another great one for all of our Enagic distributors.

6A2-6 Kenneth Wong

More opportunities are coming after the epidemic. Everyone is more health conscious and cherishes health more. 2023 will be a year for Kangen Water®'s great explosion. Let's work together to create greater performance in Hong Kong, China, and the world.

6A5-6 Cora Loh

It is a blessing to be with Enagic and get a second chance in life to grow healthy physically, financially and mentally. Think win/win. The world is our oyster and let us share True Health to the world. Our Worldwide Team's goal is 10,000 sales by December 2023. Nothing is impossible. Everything is possible. Let's do it together.

December 2022 New 6A and Above Title Achievers
