HAPPY 2024!

**Let's Achieve 30,000 Monthly Units
in Our 50th Anniversary Year**

“2024 is going to be an amazing and fulfilling year. We are powerfully prepared, we are well-equipped and we are full of ENERGY to change this world for the better, day by day!”

**Hironari Ohshiro
Enagic Founder and CEO**

Message from Mr. Ohshiro

Help People Around the World By Sharing Kangen Water® in this Momentous Year

The New Year just started and I'm sure you're all excited and hopeful for 2024. I heard that you're having an important meeting today. You're drinking Kangen Water®, right? And also taking Kangen Ukon, right? I want you to have a successful meeting, and both should help. Let's also help people around the world by sharing Kangen Water® and Kangen Ukon.

2024 is shaping up to be the biggest year yet for Enagic. On June 21 & 22, drink Kangen Water® with me in Okinawa. Will you be here for The Enagic 50th Anniversary Global Convention? I look forward to seeing you at E8PA Headquarters for this major milestone. 50 successful years wouldn't have been possible without continued support from Independent Distributors and my trusted team members, who now lead branches across the world in cities like Paris, Dubai, Bangalore and Sorocaba, Brazil. When I started the company in 1974, it wasn't always easy to dream this big. Now that we're here, possibilities are endless.

New years bring new beginnings. Thankfully, we never truly start each year from scratch. Sure, it helps to bring as little extra baggage as possible with us into 2024, but don't leave our talent, drive, and valuable learning experiences in the rearview mirror. Build for the future by capitalizing on what you know and who you know while staying open to learning new skills and making new connections that can help us grow and thrive as a team.

Enagic will continue to show as much support for your efforts as possible, but it's still up to Independent Distributors to find opportunities both within and beyond their networks to generate sales and earn commissions through our patented 8-point compensation plan. Coordinate with your upline, downline, and team members to form a strategy that works best for you. Take advantage of all the pertinent training opportunities online and in-person to maximize your potential. You have so many resources available to you. Use them.

Have a great start to your year and be sure to drink Kangen Water®.

Hironari Ohshiro
Enagic Founder and CEO

China Distributor Profile

Qin Yu

6A2

6A2 Qin Yu first learned about Kangen Water® in 2020, a turbulent year that caused many people to reevaluate their lives and careers. Qin was working in the financial industry at that point and witnessed a demo that left him “shocked by the power of Kangen Water®.” He spent the next two months researching and vetting Independent Distribution. He considered factors such as “the capacity of the Chinese market, company strength, credit endorsement, product competitiveness, product specific attributes, and the distribution model in a comprehensive manner.” Qin recalls, “My conclusion was that Kangen Water® is an excellent product and project, and worthy of devoting my time wholeheartedly to operate the business.”

“I am a person who wants to be free,” Qin says. “I like marathon and cross-country races. I want to see the world by running. Kangen Water® satisfies all my desires to start a business.” He shared the personal benefits that convinced him to commit.

- 1) “It is an asset-light business. You can do global business with just one water machine.”
- 2) “It will allow me to do more and be more relaxed and free.”
- 3) “It will allow me to get a very good return to support the free life I want.”

Qin experienced immediate growth as an Independent Distributor. “From the sale of the first Kangen Water® machine, we achieved 4A in 3 months, 5A in 6 months, and 6A in 1 year,” he says. “At that time, the epidemic control in mainland China was very strict. Every day I invited customers to do more than three water demonstrations, as many as possible, and sometimes even did eight. I didn’t have my own Kangen Water® shop at that time. I took Kangen Water® and water demonstration tools to my customers’ homes, companies, hotel lobbies, coffee shops, dining tables, cars and even open-air squares to do water demonstrations and promote Kangen Water®.” His approach worked. After selling 30 Kangen Water® ionizers, he was pleased to see a “super sharing rate, penetration rate and repurchase rate.”

In 2021, to increase awareness for Kangen Water® and to grow the business, Qin began to develop his downline in additional markets like Dalian, Changsha, Chengdu, Xi’an, Urumqi, Nanjing, Tianjin, and Shaoxing. “Bags of Kangen Water® were transported there by air,” Qin recalls. These efforts paid repeated dividends. “Water demonstrations and seminars attracted a lot of people’s interest.” Luckily, I met Hou Rui in Dalian who has become my first 6A.

By 2022, China’s pandemic control efforts became “more stringent” and Qin needed to be resourceful to conduct business. “There were a lot of times when we couldn’t even leave the house,” he says. Qin credits WeChat with giving him the ability to still introduce Kangen Water® to customers and communicate with his network about Kangen Water®. “I never thought of giving up because I love this business,” he says.

2023 was a banner year for Qin and his team, with Kangen Water® shop openings in cities like Beijing, Shaoxing, Tianjin, Tangshan and Dalian, a market they “launched tenaciously this year,” he says. This network in Northern China has “cooperated with each other to match water sources to customers in different places,” proving effective.

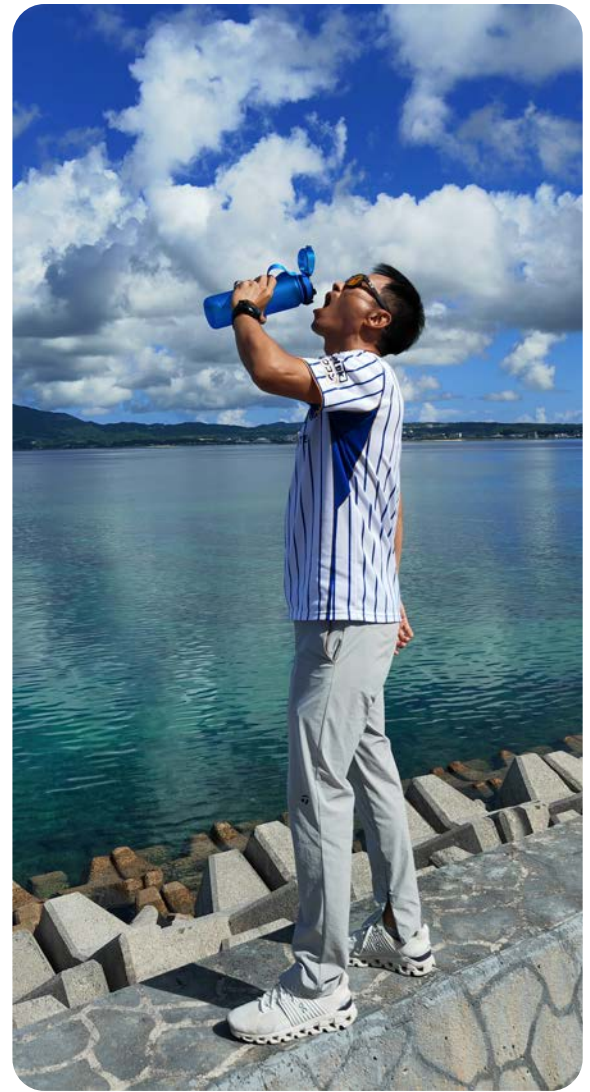

Persistence has been a key driver for his growth as an Independent Distributor. Qin estimates that in the past three years, he has conducted 500 Kangen Water® demonstrations and seminars for crowds ranging from one person to hundreds of people. His belief in the business has only grown stronger.

As top Independent Distributors know, effort and success are intertwined. “Countless water demonstrations and seminars have attracted more and more people to join,” Qin says. “The business opportunities are so good that nothing can stop us.”

Qin recently attended Enagic Hong Kong’s 18th Anniversary with nearly 30 team members on November 4 and enjoyed recognition for their efforts. “I became the first 6A2 distributor in Beijing to be honored at the anniversary event,” he says. “I am grateful to the company, to the products, to my business partners, and even more to my upline leaders: 6A2-5 Eric Wong, 6A2-3 Samuel Yeung and 6A2 Huang Xia.”

Over the past three years, Qin has developed 10 healthy perspectives based on his experiences that may benefit other Independent Distributors.

- “Believe in the company.”
- “Believe in the product.”
- “Believe in business opportunities.”
- “You must be happy and enjoy the business.”
- “Do what you can do, and don’t overthink things you can’t control.”
- “Do simple things over and over again.”
- “Don’t expect to gain.”
- “Don’t be afraid of losing.”
- “Don’t worry about the future, just enjoy the present.”
- “In the Chinese market, Kangen Water® is the right thing to do.”

India

Distributor Profile

Devendra Jhadi
6A2

6A2 Devendra Jhadi grew up in a village called Gangaloor and currently resides in Dantewada, a city with just over 13,000 people in India’s central Chhattisgarh state. He first learned about Enagic while visiting Mumbai. Devendra attended a Kangen Water® demo with eventual upline 6A2 Sunil Yadav and left impressed. He recalls, “What I liked the most was Enagic’s patent 8-point compensation plan.” He soon committed to becoming an Independent Distributor.

“I have lived a very difficult life,” Devendra says, but he’s persevered and found success. He earned a college History degree and previously performed contract work, worked in public health engineering and for Zilla Parishad (district council) before selling Enagic products.

Devendra initially sold a SD 501 water ionizer to 6A Nitin Kumar Jhari. He’s continued to impact lives with repeated sales and has strong ambitions for himself, and his team, moving forward.

“6A2-3 is the first priority,” Devendra says, “which will help a lot in becoming 6A2-8 in the future.” His mind swirls with thoughts of all the possible areas his continued success can impact. He says, “With Enagic I dream of employment, marriage of young men and women, hospitals, shopping complexes, orphanages, education to poor children, and making big officers.”

“I keep motivating my downline every day,” Devendra says. He continues to educate and inspire his team in the process, adding, “I will not rest until I achieve my goal.”

Water Profile

Strong Acidic Water

Most Enagic Water machines produce five types of filtered ionized alkaline and acidic waters through electrolysis:

Strong Acidic Water

Beauty Water

Clean water

Kangen Water®

Strong Kangen Water®

Strong Acidic Water has many applications, and because of its acidity, is NOT for drinking. Water this acidic is ideal for cleaning. Strong Acidic Water can help to keep homes safe and surfaces clean while limiting use of astringent chemical cleaners.

Strong Acidic Water has various uses:

Cleaning

Cleanse knives, cutting boards, countertops and more. Clean in and around the kitchen, bathroom, living room and other high-touch areas.

Pet Care

Pet shops, caregivers, and groomers can also use Strong Acidic Water to safely clean pet bowls, grooming stations, play areas, crates, carrying cases and more.

Commercial Uses

Beauty salons, hair salons, restaurants, daycare centers and nursing homes use Strong Acidic Water.

Hygiene

Sanitize hands, toothbrushes or even use as a mild mouthwash.

To maximize the effectiveness of Strong Acidic Water, don't forget to change your supply once a week.

Top Leaders Welcome 2024 With Uplifting Messages for Enagic

To start 2024, top leaders shared uplifting messages for Mr. and Mrs. Ohshiro in this milestone year, which includes the Enagic 50th Anniversary Global Convention in Okinawa in June.

6A7-6 Rajan Manjrekar, India

Kangen Water® is giving us a true sense of health, wealth and happiness. Thank you so much, Mr. and Mrs. Ohshiro, for inventing this miracle device and giving us the opportunity to spread it to all mankind. We Indians, given the appropriate environment, promise you to reach 1 million families by 2030. Thank you again, Sir and Madame Ohshiro. Prayers to the almighty for your healthy 20+ years ahead.

Congratulations, Enagic and Mr. Ohshiro for celebrating the 50th anniversary this year in 2024. Let's achieve 30,000 units per month before the end of the year. We are so excited and can't wait to celebrate with you in Okinawa in June, to celebrate the big 50th anniversary milestone. Thank you so much for everything you do for us to help support us to share Kangen Water® and Ukon with more people all over the world. We love you, we appreciate you, and we can't wait to see you soon. Thank you.

6A2-6 Balazs Kardos, United States

Darren: Happy New Year, everybody. Mr. Ohshiro, congratulations. This is the year for the 50th anniversary for Enagic.

Michael: Thank you for everything. We can't wait to see you in Japan. We're so excited. Our team is excited. We just want to say thank you to all of the Enagic team for supporting us. The managers, the staff, you guys are amazing. This is going to be a big year for all of us and we're super excited. Thanks for everything.

6A4-5 Michael Dreher and Darren Ewert, Canada

Congratulations, Enagic and Mr. Ohshiro on the 50th anniversary in 2024. Let's achieve 30,000 unit sales per month this year. We can't wait to celebrate with you at the Global Convention in Okinawa on June 21 & 22. Thank you so much for your strong support of our efforts to share Kangen Water® with more people in more countries all around the world.

6A3-7 Dang Nguyen, United States

2024 is a year for our Enagic victory. The victory to win the prize of success and pride to make our dreams come true. Success is us with action for God's glory. For those who believe, nothing is impossible. God bless us all in 2024 and beyond! See you at the top!

6A14-7 Cynthia Briganti, United States

Enagic Hong Kong Celebrates 18th Anniversary With Memorable Event

On November 4, nearly 700 people participated in Enagic Hong Kong's 18th Anniversary event at Crowne Plaza Hong Kong Kowloon East hotel as part of efforts to bring "True Health to the world." Enagic Founder and CEO Hironari Ohshiro and his family attended the annual dinner with Enagic staffers and leaders from India, Hong Kong, Macau, and other parts of China.

Mr. Ohshiro made a speech while holding a Kangen Water® bottle. He made predictions based on sales trends Enagic is seeing. Eventually, he foresees India sales exceeding U.S. sales. In the future, it also looks like only China sales will rival India as the #1 sales country in the world.

Enagic Hong Kong also featured 6A & above “step up awards,” honoring Independent Distributors who ranked up and received bound certificates. 6A2-3 above leaders sponsored prizes for the Lucky Draw, a lottery/raffle for all anniversary participants. Several Independent Distributors went home with parting gifts like Anespa. Guests also enjoyed a performance from Takeshi Mori and Yuna Kouyama, employees who traveled from Enagic’s Okinawa headquarters. Takeshi’s guitar playing and Yuna’s singing got the crowd to clap and sway.

Komunitas Amazing Truehealth Hosts Gratitude Powerful Summit in Indonesia

Komunitas Amazing Truehealth (KAT), one of the largest Independent Distributor communities in Indonesia, hosted their latest Gratitude Powerful Summit (GPS) on December 17 in Surabaya, a bustling city on the island of Java. The group's first annual meeting in three years drew 2,000 people, including Independent Distributors and prospective Kangen Water® ionizer owners who took planes, cars, trains, buses, ships and ferries to reach the action-filled venue.

This all-day event began by reading prayers and singing "Indonesia Raya," the country's national anthem. Top Independent Distributors then joined a procession to recognize their recent achievements, beginning with people ranked 6A and culminating in 6A5-5. Top leaders also convened a special session to discuss the systems and strategies that KAT has utilized to prepare distributors to successfully develop their businesses and increase their ranks.

According to 6A2-3 Dr. Sarah Nasution, the main GPS speaker, "This event was full of appreciation and inspiration in every session." She discussed her journey with Enagic, the tips she used in overcoming challenges, self-development, and skills she's gained through the collaborative KAT system. Sarah's dreams came true through Kangen Water® and she showed gratitude for finding a way to change lives and enable her team to become more prosperous. Her network now extends beyond Indonesia to South Korea, Taiwan, and Hong Kong. Sarah credits this success to Enagic's "amazing" Kangen Water® ionizers and to support from such a strong company.

6A5-5 Dr. Andhyka Putra Sedyawan founded the Komunitas Amazing Truehealth (KAT) community. Widia Hartono, Enagic Indonesia Branch Manager, awarded Andhyka a certificate at the Gratitude Powerful Summit to honor the respected Doctor's new high ranking.

By the end of the nine-hour event, Independent Distributors expressed themselves with tears and gratitude. According to Sarah, leaders and participants demonstrated commitment to be "more serious, more enthusiastic, and more focused" and to share Kangen Water® with as many people as possible across the world. "Whoever they are, whatever their background, they have the right to be successful with Enagic," she said. "Change your water, change your life!"

Dream Team Convenes Successful Convention in Calgary

On August 11 & 12, Dream Team leaders 6A4-5 Darren Ewert and Mike Dreher independently planned and organized a successful convention in Calgary, Alberta, Canada. In a display of Independent Distributors' collective unity and power, approximately 2,000 people from 24 countries attended the massive event, and another 1,600 people participated virtually. Enagic Founder and CEO Hironari Ohshiro and his family were the esteemed special guests.

The Dream Team's highly spirited program began on August 11 with guests passionately addressing fellow participants on various themes relevant to Independent Distribution. On August 12, the convention featured more speeches. A ceremony recognized promotions from Independent Distributors who achieved 6A to 6A2-5 ranks and helped to build an even greater Dream Team community. The event concluded by awarding prizes to top performing sales teams. The Dream Team has maintained enthusiasm and momentum since the convention.
