MR. OSHIRO'S MESSAGE

Enagic

"Enagic has pledged to start a global revolution in True Health - in the form of physical health, economic health and mental health. This pledge is supported by hundreds of thousands of people from all around the world. Enagic offers safe water that can be used with confidence to benefit health, beauty, sanitation, cuisine and almost every aspect of life that comes in contact with water. The world is changing and we have entered the age of "human technology marketing." As an integrated development, manufacturing, sales and service company of alkaline ionizer technology, we combine Hi-Tech with Hi-Touch. Market vitality now depends upon a merging of high technology and the personal relationship between human beings. Enagic has teamed up with an international network of offices and independent distributors around the world, to spread the idea of "True Health", while building a global company with worldwide operations. Welcome to Enagic!"

APRIL...DID YOU KNOW?

According to the early Roman calendar, April was the second month, but became the fourth when they started to use January as the first month. The name originally came from Latin word Aprilis, meaning 'to open'. In April, plants start to grow, flowers start to bloom, small animals that were hibernating come out and the birds fly back northward, bees and butterflies begin to gather nectar. Because of the renewal of nature during this time, many people consider the month of April to be a time to renew. Many people start their "Spring Cleaning" in April, which is when they give their home a very thorough cleaning.

APRIL SHOWERS BRING MAY FLOWERS

“April showers bring May flowers.” We’ve probably all heard this rhyme at some point, usually having been taught it at an early age by our parents or teachers. It’s a popular thing to say around springtime, but one thing you might not know is where the rhyme originated from. It can be traced back to the mid 1500s, although earlier use of “April showers bring May flowers” may have existed. In 1557 a gentleman by the name of Thomas Tusser compiled a collection of writings he called A Hundred Good Points of

Husbandry. In the April Husbandry section he wrote: Sweet April showers, Do spring May flowers. As you can see, the rhyme was originally a short poem. There is meaning behind the words, as well. “April showers bring May flowers” is a reminder that even the most unpleasant of things, in this case the heavy rains of April, can bring about very enjoyable things indeed – in this case, an abundance of flowers in May. “April showers bring May flowers” is a lesson in patience, and one that remains valid to this day. But beyond positive thinking, this old saying can also serve as an excellent example of building your Enagic business. If you decide to provide water samples as part of your business efforts, you are assuming the role of “April showers”. The water you share may help the interest of your prospect grow. And that growth may turn into something huge, but it may also take time. Just like the April showers yielding the results of May flowers, your efforts today may take weeks, or even months, to bloom. Just like the April rain that brings beautiful life in May, your “April Showers” may also produce results!

TECH TALK – POWER SUPPLY

The LeveLuk series of water ionizers utilize a unique type of power supply in order to accomplish the extreme range of power outputs required of the machines. In order to continuously generate Kangen Water, Strong Kangen Water and Strong Acidic Water, the highest quality Japanese circuits and engineering was needed. The result was a unique “hybrid” power configuration.

The power supply utilizes a high quality SMPS, used to stabilize the electrical current and a metal oxide semiconductor field-effect transistor, MOSFET, which is used for amplifying electronic signals. This combination increases efficiency, maximizes power output and reduces product weight. Once electricity has passed through the SMPS and MOSFET, it is sent to a small transformer, where it is converted to a linear type of power; creating an even, consistent flow of electricity. This stable flow of power ionizes the water, regardless of duration or the power necessary to create the selected water. The best way to describe the power supply is as a hybrid: it is an SMPS with a Post Switch Transformer. If asked about the power supply, distributors can proudly tell their prospects that our machines use a hybrid of the highest quality components available; utilizing the two most recognized power supplies in the business, SMPS and transformers. What does this really mean? It means that they get an ionizer that uses the best power supply in the industry to produce the highest quality alkaline water; Kangen Water!

APRIL 1ST FUN FACTS...NO FOOLIN'

We all know that April Fools' Day is the one day of the year when we should expect pranks and mischievous behavior, but do you know the history of April Fools' Day? Or some of the most epic pranks ever perpetrated on the public? Here are a few fun facts and some of the best pranks ever conceived. Enjoy!

1. The earliest recorded reference to April Fools' Day was in Geoffrey Chaucer's *Canterbury Tales* in 1392.
2. Although historians believe April Fools' began in France, no one is entirely certain. One belief is that it began with a calendar change in the 16th century, when Pope Gregory XIII adopted the Gregorian calendar, and New Year's Day was moved from April 1 to January 1.
3. The ancient Romans had a day of jokes called Festival of Hilaria (a.k.a. Roman Laughing Day). In ancient Rome, the festival of Hilaria was held to celebrate the vernal equinox and honor the Anatolian Earth Goddess.
4. Boese of the Museum of Hoaxes points out that April Fools' is a day where social inequalities were dismissed. In the 1800s street urchins played tricks on the London gentlemen.
5. As an April Fools' Day prank in 1998, Burger King published a full page advertisement in USA TODAY introducing the newest menu item: a "Left-Handed Whopper."
6. On 1 April 1976, BBC radio astronomer Patrick Moore stated to radio listeners that an astronomical event (the conjunction of Jupiter and Pluto) would take place at 9:47 a.m. that day, which would noticeably decrease gravity on Earth. If listeners were to jump into the air at that exact moment, they would find they felt a floating sensation.
7. Twenty years earlier, the BBC fooled the nation with a spoof documentary broadcast about spaghetti crops in Switzerland. The documentary "*featured a family in Switzerland carrying out their annual spaghetti harvest...carefully plucking strands of spaghetti from a tree and laying them in the sun to dry.*" Apparently, millions were duped—calling in to ask how they could grow their own spaghetti trees.
8. On April 1st in 1996, Taco Bell took out a full-page advertisement in seven leading U.S. newspapers announcing their purchase of the Liberty Bell, which they purportedly renamed the "Taco Liberty Bell." At noon on the same day it was revealed that the story was a hoax.
9. Google outdoes itself each year with April Fools' jokes. In 2013, they introduced the Google Wallet Mobile ATM which advertised that it could attach to most smartphones and "*dispense money instantly and effortlessly*", including rare \$2 and \$50 bills. No more searching for an ATM or bank! "*If your mobile ATM is running low on funds, a self-driving, armored, hybrid vehicle will be alerted and dispatched to your location—arriving within minutes to quickly and safely refill [your] ATM.*"
10. Funnily enough, because of their chronic hoaxes through the years, when Google actually launched its Gmail service on April 1, 2004, everyone assumed it was another joke. Of course, that was the plan because Google knew it would offer additional free publicity when everyone realized the service was real.
11. Twitter jumped in on the April Fools' Day bandwagon in 2013 to announce that they were shifting to a two-tiered service. Those who wanted to use their services for free could use Twtr, where they could tweet ONLY consonants. Those who paid \$5/monthly could use consonants AND vowels.

HOW TO BUILD FOR THE CONVENTION

Can you believe it? In less than 4 months, the BIGGEST event in Enagic's history will take place in exciting Las Vegas, NV! The Enagic 2016 Global Convention is the most important event you will ever attend! It will catapult established distributors to all new levels of success and will help new distributors jump start their business. If you are serious about success as an Enagic Distributor, it is vital that you and all of your team are at the convention. This is the BIGGEST event of your business, so you simply can't miss it! Why? Because an event of this magnitude does not happen very often and being there, and having your entire team there, will lead to explosive growth and will solidify the involvement of your Distributors for many years to come.

To maximize the convention there are some specific things that Distributors should do. First, and MOST important, is to get your tickets and room for the convention! Seating at the convention is being based on when tickets are purchased, so those who bought their tickets early, get to sit in preferred seats, closer to the front. While those that wait until the last minute will end up at the back of the room and it's a BIG room, so you don't want to be at the back! If you are expecting your team to attend the convention, you have to set the example by getting your tickets! Remember, your team does what you **DO**; not what you **TELL THEM TO DO**.

The next thing Distributors should do is build their team towards the convention. Every new personally sponsored Distributor and every new Distributor in your team should be encouraged to attend the convention. It is your responsibility to explain to them the advantages associated with attending the convention; like the awesome Distributor training, the incredible entertainment, the unbelievable power of the group dynamics, the amazing networking opportunities and being part of a history making event. So build for the convention and watch your business explode!

JUST FOR LAUGHS

APRIL FOOLS!

EXCUSE ME MR. BOSSMEN...I WAS WONDERING IF I COULD SPEAK WITH YOU? I'VE THOUGHT ABOUT WHAT YOU SAID TO ME, THAT I HAVE MY HEAD IN CLOUDS THINKING I COULD EVER BUILD A SUCCESSFUL BUSINESS WITH ENAGIC.

I'M GLAD YOU'VE COME TO YOUR SENSES. NOW YOU CAN STOP THINKING YOU CAN CHANGE YOUR LIFE AND GET BACK TO WORK!

YES, YOU WERE RIGHT. I WAS FOOLISH TO THINK I COULD BE SUCCESSFUL...BUT THERE'S JUST ONE MORE THING...

APRIL FOOLS!!! I JUST HIT 6A2-2 AND I CAN NOW WORK MY BUSINESS FULL TIME!

MR. BOSSMEN...I QUIT!!!!

THE ENAGIC GLOBAL CONVENTION

“40th Anniversary Global Convention. Enagic, as the new incarnation of Sigmac Japan, was celebrating its fortieth year of business. Should the venue be in Tokyo or Los Angeles? The key to the decision was strategic thinking. Holding it in Tokyo would mean great transportation links, but Los Angeles or Las Vegas would mean 4,000 – 5,000 distributors in immediate range. Choose the west coast, and plenty of distributors would likely come from Southeast Asia to mix business with the pleasure of tourism. But Ohshiro decided that the fortieth anniversary of Enagic should be held in a place that celebrated where the company originated. Gradually, the top distributors from around the world began to arrive in Naha International Airport. Great Britain, France, Italy, the Middle East, Africa, Asia, the States, Canada, Mexico, South America; almost too many countries to count. Nearly a thousand distributors came, from twenty countries where there are branches, from 120 countries to which products are exported. The 40th Anniversary Global Convention

celebrated the Enagic milestone with brilliance and bustle. Many of the distributors took several flights to get to the convention. Peter Shaw, a distributor from the Netherlands, made his first trip to Okinawa. He is one of the many distributors who have been greatly inspired by his experiences. He had some words of congratulations, as follows: *It is always reassuring to have partners who are steady and reliable. I would like to offer my congratulations to Enagic and President Ohshiro for the past forty years. Not many companies ever achieve such impressive results. For all of us, who have decided to build our careers in this industry, having such a steady and reliable partner is a great reassurance. I look forward to seeing this wonderful company change the lives of many millions more people, through its vision and its unending march forward.* (From the 40th Anniversary Global Convention program). Words of congratulations poured in from distributors all over the world. How many other companies would be able to hold a global convention in Okinawa, of all places? I’ve never heard of such a thing, and I am from Okinawa myself. A man who has been so nearly broken by setback after setback cannot enjoy walking his glorious path without seeking to give hopes and dreams to others. Ohshiro walks along a single path, but each distributor has the chance to carve out their own pathway to success.”

Above is an excerpt from the book *Quenching the Thirst for Global Success*, the Success Story of Hironari Ohshiro. It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must for distributors, it is available at www.enagic.com/shop.

BREAK THIS BAD HABIT!

“Procrastination is the bad habit of putting off until the day after tomorrow what should have been done the day before yesterday.”

Napoleon Hill, Author of Think & Grow Rich

WHAT ARE YOU WAITING FOR?

Many people are familiar with Napoleon Hill, quoted above, but if not, he spent decades learning the “secrets” of the wealthiest and most powerful businessmen of his day. He took those lessons and wrote the book, *Think & Grow Rich*, which has sold over 100 million copies. Another author, Thomas C. Corley, decided to do the same thing. For five years he studied the daily habits of 177 self-made millionaires. While he discovered many shared habits between these successful individuals, he also uncovered a habit that all of them try to avoid at all costs. So, what is this success killing habit? Procrastination!

“It prevents even the most talented individuals from realizing success in life,” he writes in his upcoming book. This goes hand-in-hand with author Napoleon Hill’s assertion that the wealthiest people are also the most decisive people. Out of the 500 millionaires Hill studied in the early 20th century, “*Every one of them* had the habit of reaching decisions promptly,” Hill wrote in his 1937 classic, *Think and Grow Rich*. One of the major causes of procrastination is lack of passion, Corley emphasizes: “We simply like to do the things we like to do and we put off the things we do not like to do.” If passion and massive wealth are linked, it’s not surprising that very few of us lack passion when it comes to our careers: “According to Gallup, only 13% of employees are ‘engaged’ in their jobs, or emotionally invested in their work,” Corley writes. “Whether you realize it or not, procrastination is a big reason why you are struggling financially in life. It damages your credibility with employers and fellow colleagues at work. It also affects the quality of your work and this affects the business you or your employer receive from customers, clients, and business relationships.” The good news is that *anyone* can overcome procrastination — and it’s simpler than you may think. He also notes that “the voice of procrastination screams just as loud and clear in the minds of those who excel in life as it does in the minds of those who do not.” How do they silence it? They rely on “to-do” lists to get things done. They create firm deadlines, and they meet with “accountability partners” to ensure they’re sticking to their goals and deadlines, Corley says. Nearly everyone is susceptible to procrastination — but fighting against it can make all the difference.

Are you attending the Enagic 2016 Global Convention? Have you purchased your tickets? Or are you procrastinating? Did you read the excerpt about the 40th Anniversary Global Convention from Mr. Oshiro’s book? People traveled half way around the world to be there. It’s no coincidence that the most successful distributors in Enagic were the first people to purchase their tickets. Don’t procrastinate truly important decisions! Swift, decisive actions lead to tremendous rewards, so if you suffer from this terrible habit, it’s time for you to break it!

SOCIAL MEDIA BLITZ

Today we live in an age of technology and a large part of that world is Social Media. We would like to encourage every Enagic Distributor to utilize social media outlets to promote your business. No matter what you are doing, from installing a new machine, to conducting a home demo, to attending or organizing a distributor training, to going out for a meal and having your Enagic / Kangen Water bottle with you. Snap a few pictures and post them! Convey the excitement, the fun and the time freedom that this business can create. The more we share the incredible lifestyle of Enagic, the more people will become interested in the True Health movement. Below are a few pictures we found on Social Media. Please send us pictures that you have posted on Social Media and they may be included in this section of the newsletter. Email your best pictures to eventpics@enagic.com. And be sure to follow us on Facebook: www.facebook.com/enagicUSA & www.facebook.com/enagic.convention.

Please be sure that you are NOT posting any pictures or information on social media that violates the Enagic Policies & Procedures. No pictures of checks and no health / medical claims. Enagic has a Zero Tolerance policy regarding these types of postings. These are not allowed and may subject the person posting to severe consequences, which may include termination of their distributorship.

IN THE KITCHEN WITH KANGEN

Super Spring Salad

Salad Ingredients:

Yield: One Family Sized Salad

- 1 head of your favorite lettuce
- Large handful spinach
- Large handful of baby kale, torn
- 10 stems parsley, chopped
- 10 stems cilantro, chopped
- 1 handful pea shoots
- 1 handful bean sprouts or alfalfa
- 1 carrot, julienned or grated
- 1 sweet red bell pepper, julienned
- 6 cherry tomatoes, halved
- 1 cup thinly sliced red cabbage
- 6 radishes, quartered
- 1 stalk celery, sliced
- 1 watermelon radish, slivered
- 1 avocado, sliced

Dressing:

- juice of 1 lemon
- 8 tbsp organic extra virgin olive oil
- 1 lg clove of garlic, minced, not pressed
- nice pinch of salt & fresh ground pepper
- 1 drop liquid stevia (optional)

Directions:

Start with the dressing so the flavors can combine. Wisk together all dressing ingredients and set aside. Clean all of the fresh produce / herbs with 11.5 pH Strong Kangen Water, then with 2.5 pH Strong Acidic Water, followed by a 9.5 pH Kangen Water rinse. Tear lettuce and place greens as the base of the salad and arrange all the veggies in little groupings around the perimeter adding the radish in the center. Serve with dressing and toss salad well. Make this salad even better by adding your favorite springtime veggies to the mix!

RANK ADVANCEMENT

In addition to providing Enagic Distributors with information and resources to help them succeed, the Executive E-Newsletter will also serve as a way for us to recognize the outstanding achievements and rank advancements of our valued Independent Distributors. While we would like to be able to recognize each person that has advanced in rank by name, the sheer volume of new distributors advancing in rank makes it impossible. Instead, we will recognize each person that advances to the rank of 6A and above by name in this section of the newsletter. We are extremely grateful and very proud of the achievement of each person listed below and we encourage every distributor to work hard to achieve the rank of 6A and above so that your name may be proudly displayed with those that are moving up the ranks in the Enagic business.
