2016 ENAGIC GLOBAL CONVENTION RECAP!

"Enagic has pledged to start a global revolution in True Health - in the form of physical health, economic health and mental health. This pledge is supported by hundreds of thousands of people from all around the world. Enagic offers safe water that can be used with confidence to benefit health, beauty, sanitation, cuisine and almost every aspect of life that comes in contact with water. The world is changing and we have entered the age of "human technology marketing." As an integrated development, manufacturing, sales and service company of alkaline ionizer technology, we combine Hi-Tech with Hi-Touch. Market vitality now depends upon a merging of high technology and the personal relationship between human beings. Enagic has teamed up with an international network of offices and independent distributors around the world, to spread the idea of "True Health", while building a global company with worldwide operations. Welcome to Enagic!"

CEO Enagic International, Inc.

BUILDING AFTER THE CONVENTION!

If you were one of the lucky ones, who can say “I Was There!”, it is time to put the power of the Convention to work for you! The Convention was put on as a way to allow Enagic distributors from all over the world to connect with each other, exchange ideas and business strategies and to see the “Big Picture” regarding the incredible global opportunity of which they are a part.

In order to get the most out of the Convention, it is important that distributors immediately get to work. The first thing to do is “Recap” the event with all of your distributors who could not attend, as well as your hottest prospects. Talk to them and tell them about the Convention. Email, text or Facebook pictures from the event. Show them what they missed. Post your own pictures, so they can see you enjoying yourself and having fun at the Convention.

Schedule as many meetings and one-on-one’s as you can. Remember, YOU just came from the biggest, most powerful event in the history of this company, so you need to let the excitement, energy and momentum of the event carry you into the next 30 – 60 days of activity. Put the pedal to the metal and commit to an All Out Massive Action (A.O.M.A.) Plan. Start to immediately implement things you learned at the trainings. Put into action things you learned by speaking with other distributors. In short, don’t let the momentum of the event fizzle!! You have to keep it alive by taking action RIGHT NOW!!

Take the next 60 days and really focus. We are already heading towards the end of the year and the holiday season. The time to put your efforts into overdrive is RIGHT NOW!! Gather your team members, talk about what you learned at the convention and make a solid game plan of how you will work together to make the rest of 2016 absolutely incredible!
