

C USA

Enagic® is now WQA Certified!

The Gold Seal Product Certification Program by the Water Quality Association is the "Mark of Product Quality", and is the most globally recognized certification as an identifier of water excellence.

Enagic® USA is now the ONLY water ionizer manufacturer on the market to receive this exclusive Gold Seal Certification from WQA!

With the WQA Gold Seal Program, you can have confidence that Enagic® provides the highest premium quality in ionized water machines.

The Water Quality Association is the oldest third party testing and certification program in the drinking water industry, and the Gold Seal Certification is awarded to only the most reliable and trusted producers of quality drinking water.

Thanks to the WQA Gold Seal Program, you know you can trust Kangen Water® from Enagic®!
