Q&A (BUSINESS MANUAL)

How much is sales commission for the non-member?

Apply this formula:

Regular commission x Reduction ratio $7/9$ ($=0.7777$) + SP

Example: K8

Regular commission $\$270 \times 0.777 + \text{SP } \$81 = \$291$

1P = \$291

Example: SD501

Regular commission $\$235 \times 0.777 + \text{SP } \$55 = \$237$

1P = \$237

Q&A (BUSINESS MANUAL)

What is the commission for uplines from foreign countries?

Apply this formula:

Beef commission (\$30 or \$23) x Exchange Rate on the Sale Date (Home Country Rate ÷ Foreign Country Rate) x 0.9

The calculation for overseas commissions involves applying the exchange rate first, then multiplying by *0.9 to adjust the amount per point.

*Explanation to distributors: Since the payment is made in another country, a 10% fee is applied.

Example : Canada distributor
(Exchange rate 1 USD = 1.37 CAD)

Member:

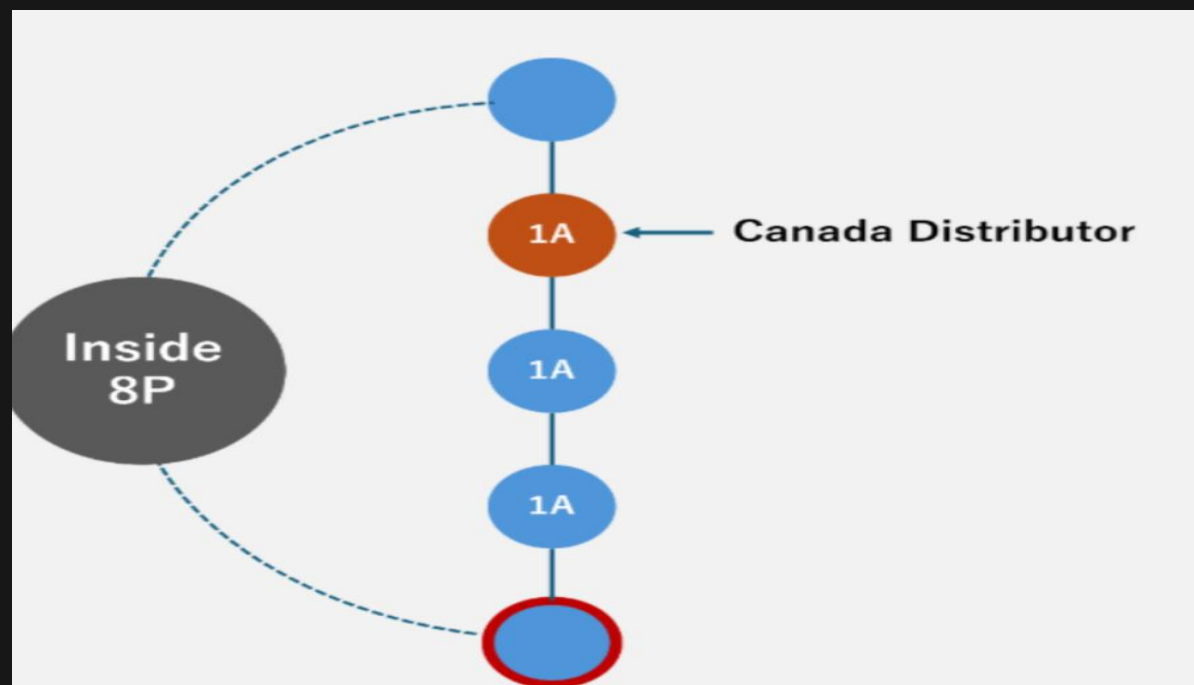

$\$30 \times 1.37 \times 0.9 = 37$

1P 37 CAD

Non-member:

$\$23 \times 1.37 \times 0.9 = 28$

1P 28 CAD

Q&A (BUSINESS MANUAL)

How can I get a permanent ID?

Purchasing the \$880 set grants a permanent ID (no ID will be issued for repeat sets).

Is it possible to register multiple distributors?

It is allowed to register multiple distributor accounts (user – unlimited). Please be aware that the company permits a maximum of six (6) distributor accounts.

Is it possible to achieve 6A rank through sales of Kangen Wagyu™?

It is possible to rank up to 6A with an \$880 set (¼ count for the title incentives).

Can purchases be made directly under emGuarde or Kagen Air (non-core product)?

Yes. However, the commission amount varies depending on whether you're a member or non-member.

Q&A (BUSINESS MANUAL)

Is the Ukon license granted?

Kangen Wagyu will not be replaced for Ukon renewal. This product is completely separate from Ukon product.

If someone has multiple accounts, can they purchase Kangen Wagyu™ under other than their main ID?

Yes, but it must start with the \$880 set.

Is the commission for Kangen Wagyu™ paid out immediately?

Yes, the commission is paid out immediately without accumulation, just like the Kangen Water^(R) ionizers.
