

YOUR PRIVATE JAPANESE HOT SPRING

The Anespa DX: Premium
Mineral Ion Technology
for the Ultimate Home
Spa Experience

BEYOND FILTRATION: TOTAL REJUVENATION

- 
- A horizontal splash of clear water with several bubbles is positioned across the middle of the image, separating the header from the list. The background is a light blue gradient.
- Treat yourself to a soothing, authentic hot spring experience every single day
 - Our premium ionization technology enhances your bath using natural minerals
 - Designed for those who seek luxury, health, and a level of wellness that standard filters can't touch

NATURE'S POWER, ENGINEERED IN JAPAN

The Trinity of Stones:

1. Tufa – Sourced from the Futamata Radium Hot Spring in Hokkaido, Japan for a gentle, relaxing effect
2. Mic Stone – Creates mildly alkaline water that activates and heals your skin
3. Power Stone – Floods your shower with strong negative ions to melt away stress

SLEEK. POWERFUL. PROVEN.

FEATURE	PROFESSIONAL SPEC
OUTPUT	Invigorating mineral ion water
FLOW	Steady 2.6 l/m (.69 gal./m)
BALANCE	Skin-friendly tap water pH
PEACE OF MIND	Three (3)-year quality warranty

PURE WATER, PROTECTED SKIN

- Our dual-cartridge system* effectively hunts down and removes harmful chlorine and bacteria
- Shield your skin from the long-term aging effect of harsh tap water
- Leave your shower feeling fresh, invigorated, and truly clean

ANESPA EXTERNAL
CARTRIDGE

ANESPA INTERNAL
CARTRIDGE (CERAMIC)

LONG-LASTING PERFORMANCE

- **External Cartridge:** Removes impurities using tourmaline-infused activated carbon (replace every year)
- **Internal Ceramic:** A blend of radium and bamboo-charcoal for mineral infusion (replace every three years)

**WARNING NOTE: Please reconfirm your filter choice prior to ordering.
Enagic is NOT responsible for incorrect filter orders.**
