THE PHILOSOPHY OF ENAGIC

“The basis of vitality and long life is water.”
Hironari Ohshiro, Enagic Founder and CEO

Mr. Ohshiro teaches that when we improve our water, we improve our life. His message is simple. Care for the body, care for the mind, and build a stable future. This philosophy guides everything Enagic does.

WHAT IS KANGEN WATER®?

“Kangen” means “return to origin” in Japanese. It represents Enagic’s goal of helping the body return to a more balanced state.

Enagic’s machines filter tap water and use electrolysis to create several functional waters for drinking, cooking, beauty, and cleaning. Kangen Water has been trusted in Japan for more than 50 years.

INNOVATIVE WATER TECHNOLOGY

Five Types of Water

Enagic machines produce five unique waters through advanced electrolysis. Each water has a different purpose in the home.

Strong Kangen Water® pH 11

Great for powerful cleaning. Not for drinking.

Kangen Water® pH 8.5 to 9.5

Hydrogen rich water for drinking and cooking.

Clean Water pH 7

Filtered water for preparing baby formula and medications.

Beauty Water pH 4 to 6

Slightly acidic water for external use. Not for drinking.

Strong Acidic Water pH 2.5

Has cleansing properties. Not for drinking.

PRODUCT LINE

Enagic is an OEM (Original Equipment Manufacturer). Kangen Water® ionizers and Anespa DX are made in Japan at Enagic facilities with strict quality control.

COMMITMENT TO QUALITY

These international standards help ensure safety, consistency, and reliability in every Enagic product.

ISO is an international organization that sets global standards for quality and safety. These certifications show that Enagic meets strict requirements in manufacturing and company operations.
