

# CARING FOR YOUR --- KANGEN WATER® IONIZER

# PROTECT YOUR INVESTMENT

- Ensures optimal water quality
- Prevents/reduces mineral accumulation
- Extends lifespan & protects warranty
- Reduces need for repair/service

Electrolysis plate damaged  
by imitation/non-approved  
electrolysis enhancer.

# DAILY/WEEKLY MAINTENANCE

- Wipe machine exterior regularly
- Check hoses and fittings
- Ensure stable water pressure
- E-Clean

Ensure  
stable water  
pressure

E-Clean

Wipe  
off  
machine

Check  
Hoses

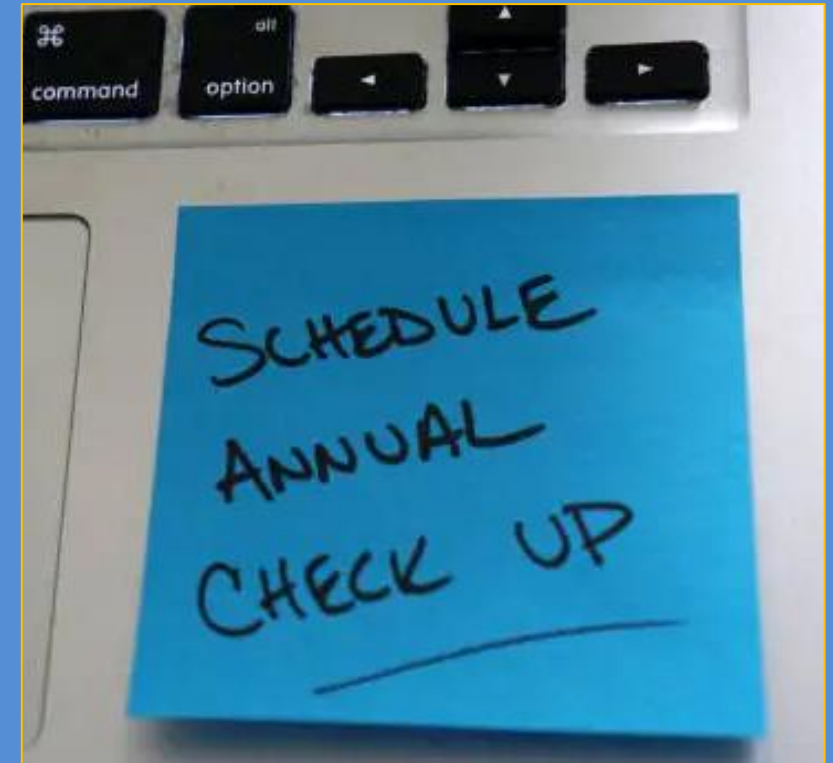

# E-CLEANING

- Built-in automatic cleaning system
- Follow Enagic recommended intervals and instructions
- Use Enagic E-Cleaner Cleaning Powder
- Avoid unapproved chemicals
- Perform every 2-4 weeks depending on water hardness

# DEEP CLEANING

- The Deep Clean - Once a Year
- Send Kangen Water® ionizer to an authorized Enagic service center
- Removes stubborn mineral scale that E-Cleaning might miss, ensuring maximum hydrogen production

# CHANGING THE FILTER

- Use only genuine Enagic filters
- Replace every 3–6 months (1,500 gallons)
- Protects internal electrolysis chamber

# HOW TO SPOT A FAKE FILTER

Filters purchased from unofficial channels cannot be verified as genuine Enagic products.

No official  
Enagic-branded box.

No Enagic logo!  
No official labels.

# ELECTROLYSIS ENHANCER AND PARTS

- Use only genuine Electrolysis Enhancer
- Purchase supplies via Enagic Store
- Avoid imitation/third-party accessories\*

\*Always buy official parts from the Enagic online store or your local distributor to ensure they fit your specific model (K8 parts often differ slightly from SD501).

# WARRANTY PROTECTION

- Coverage varies by model & region
- Non-approved parts void warranty
- Unauthorized repairs void warranty

# MAINTENANCE CALENDAR

Daily	Monthly	Every 3–6 Months	Yearly
Wipe & Clean	Check Hoses & E-Cleaning	Replace Filter	Deep Clean

# SERVICE & REPAIR

- Enagic USA Service: 1-866-261-9500
- Torrance CA Office: (310) 542-7700
- Use official Service Request Form

**WARNING:** Never attempt to open the internal body of the machine (the white plastic casing) yourself, as this voids your warranty. For internal leaks or electrical issues, always use the official repair service.
