

Enagic Service USA

It is **VERY IMPORTANT** for you to follow the instructions below.

CHECK LIST

- ❑ 1. Fill out all the customer section on the repair request (please print) and return it with the machine. Please make sure that you are specific on the problem of the machine. The technicians will only go by what is written on this repair request form. (If the unit is not working properly due to calcium build up, a deep cleaning will be performed, and your credit card will automatically be charged. You will not receive any other notification.
- ❑ 2. **REMOVE!** The enhancer tank, covers, diverter, and adapter. *Power cord (K8 ONLY) (Enagic will not be responsible and will not replace these items. No exceptions!) **Enhancer damage occurs in the machine when you leave the electrolysis enhancer fluids inside of the tank, inside of the machine and move the machine around or travel with it. If mishandled, the fluids will leak inside of the machine and cause damage to the inside. This is not covered under warranty.**
- ❑ 3. **Include** filter, flexible pipe, white or silver (SDP) and gray hose or short flex pipe(K8)
- ❑ If your unit is an SD501-U (under the counter unit) please include the discharge port hose (white hose on top of machine), gray hose and clear hose, white hose (bottom of machine). Please include the control panel for repairs only. The panel is not required if you are sending machine in for deep cleaning. If your faucet is clogged, you may also need to send it in for a deep cleaning.
- ❑ 4. Secure your machine carefully in a box with two inches (5.08 cm) of cushioning around the machine to ensure proper protection during shipping.
- ❑ 5. Tape the FEDEX label onto the return box and take it to the nearest FEDEX station. (Write your tracking # _____ keep tracking # for your own reference) To check if your machine has been delivered, please call 1-(800) GO-FEDEX or go online at www.fedex.com .
